No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his

or her duties. This assistance in no way is intended to relieve the pharmacist from his **or her** responsibilities for compliance with this chapter and he **or she** will be responsible for the actions of the auxiliary personnel acting in his **or her** assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, **or** podiatry, or veterinary medicine **only for use in animals**, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, **administering, prescribing,** or dispensing of his **or her** own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

3. The requirements set forth in subsection 2 of this section shall not be construed to bar the complete transfer of an identifiable prescription or drug order pursuant to a verbal request by or the written consent of the patient or the patient’s authorized agent.

4. The board is hereby authorized to enact rules waiving the requirements of subsection 2 of this section and establishing such terms and conditions as it deems necessary, whereby any activities related to the preparation, dispensing or recording of an identifiable prescription or drug order may be shared between separately licensed facilities.

5. If a violation of this chapter or other relevant law occurs in connection with or adjunct to the preparation or dispensing of a prescription or drug order, any permit holder or pharmacist-in-charge at any facility participating in the preparation, dispensing, or distribution of a prescription or drug order may be deemed liable for such violation.

6. Nothing in this section shall be construed to supersede the provisions of section 197.100.

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 356, Page 20, Section 262.005, Line 12, by inserting after all of said section and line the following:

“262.815. 1. This section shall be known and may be cited as the “Missouri Farmland Trust Act”. The purpose of this section is to allow individuals and entities to donate, gift, or otherwise convey farmland to the state department of agriculture for the purpose of preserving the land as farmland and to further provide beginning farmers with an opportunity to farm by allowing long-term low and variable cost leases, thereby making it affordable for the next generation of farmers to continue to produce food, fiber, and fuel.

2. There is hereby created the “Missouri Farmland Trust” which shall be implemented in a manner to accomplish the following objectives:

- (1) Protect and preserve Missouri’s farmland;**
- (2) Link new generations of prospective farmers with present farmers; and**
- (3) Promote best practices in environmental, livestock, and land stewardship.**

3. (1) There is hereby created within the department of agriculture the “Missouri Farmland Trust Advisory Board” which shall be comprised of five members appointed by the director of the department of agriculture. Members shall serve without compensation but, subject to appropriations, may be reimbursed for actual and necessary expenses.

(2) The board shall make recommendations to the director on the appropriate uses of farmland in the trust, criteria to be used to select applicants for the program, and review and make recommendations regarding applications to lease farmland in the trust.

(3) Members shall serve five-year terms, with each term beginning July first and ending June thirtieth; except that, of the members initially appointed two shall be appointed for a term of three years, two shall be appointed for a term of four years, and one shall be appointed for a term of five years. Each member shall serve until his or her successor is appointed. Any vacancies occurring prior to the expiration of a term shall be filled by appointment for the remainder of such term. No member shall serve more than two consecutive terms.

4. The department of agriculture is authorized to accept or acquire by purchase, lease, donation, or agreement any agricultural lands, easements, real and personal property, or rights in lands, easements, or real and personal property, including but not limited to buildings, structures, improvements, equipment, or facilities subject to preservation and improvement. Such lands shall be properties of the Missouri farmland trust for purposes of this section and shall be governed by the provisions of this section and rules promulgated thereunder.

5. (1) There is hereby created in the state treasury the “Missouri Farmland Trust Fund”, which shall consist of all gifts, bequests, donations, transfers, and moneys appropriated by the general assembly under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Upon appropriation, money in the fund shall be used for the administration of this section and may be used to make payments to counties for the value of land as payment in lieu of real and personal property taxes for privately owned land acquired after the effective date of this section in such amounts as determined by the department; except that, the amount determined shall not be less than the real property tax paid at the time of acquisition. The department of agriculture may require applicants who are awarded leases to pay the property taxes owed under this section for such property.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The department of agriculture is authorized to accept all moneys, appropriations, gifts, bequests, donations, or other contributions of moneys or other real or personal property to be expended or used for any of the purposes of this section. The department may improve, maintain, operate, and regulate any such lands, easements, or real or personal property to promote agriculture and the general welfare using moneys in the fund. Property acquired by the department under this section shall be used for agricultural purposes. The director shall establish by rule guidelines for leasing farmland to the trust to beginning farmers for a period not to exceed twenty years. All property acquired by the department under this section shall be farmed and maintained using the best environmental, conservation, and stewardship practices as outlined by the department. The department may charge an administrative fee for lease application processing under this section.

7. The department, in consultation with the Missouri farmland advisory board, shall promulgate rules to implement the provisions of this section, including but not limited to requirements for lessees, selection process for granting leases, and the terms of the lease, including requirements for applicants,

renewal process, requirements for the maintenance of real and personal property by the lessee, and conditions for the termination of leases.

8. Any person or entity donating land to or leasing land from the department shall forever release the state of Missouri, the Missouri department of agriculture, the department's director, officers, employees, volunteers, agents, contractors, servants, heirs, successors, assigns, persons, firms, corporations, representatives, and other entities who are or who will be acting in concert or privity with or on behalf of the state from any and all actions, claims, or demands that he or she, family members, heirs, successors, assigns, agents, servants, employees, distributees, guardians, next-of-kin, spouse, and legal representatives now have or may have in the future for any injury, death, property damage related to:

(1) Participation in such activities;

(2) The negligence, intentional acts, or other acts, whether directly connected to such activities or not, and however caused; and

(3) The condition of the premises where such activities occur.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board] **Whenever the district board receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district, calling for an election to repeal the tax imposed under section 67.1880, the board shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the registered voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax authorized in section 67.1880 shall remain effective until the question is resubmitted under this section to the registered voters and the repeal is approved by a majority of the registered voters voting on the question.**

[67.1890. 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition

shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 67.1892. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.]

[67.1892. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1890, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

☐ YES ☐ NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. In the event, however, that the court finds that a majority of the voters voting thereon voted against the proposition to extend or retract the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of boundaries to be void and of no effect.]

[67.1896. 1. If the petition filed pursuant to section 67.1894 contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1894, the termination of taxation authority shall not become final and conclusive until it has been submitted to an election of the voters residing within the district and until it has been assented to by at least four-sevenths of the voters in the district voting on the question. The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the authority of the Law Enforcement District to adopt property taxes be terminated?

☐ YES ☐ NO

3. If four-sevenths of the voters voting on the proposition vote in favor of such termination, then the court shall enter its further order declaring the termination of such authority, and all such taxes that are being assessed in the current calendar year pursuant to such authority, to be final and conclusive. In the event, however, that the court finds that less than four-sevenths of the voters voting thereon voted against the proposition to terminate such authority, then the court shall enter its further order declaring the decree of termination of such district's taxing authority to be void and of no effect.]

[67.1898. 1. Whenever a petition signed by not less than ten percent of the registered voters in any district organized pursuant to sections 67.1860 to 67.1898 is filed with the circuit court having jurisdiction over the district, setting forth all the relevant facts pertaining to the district, and alleging that the further operation of the district is not in the best interests of the inhabitants of the district, and that the district should, in the interest of the public welfare and safety, be dissolved, the circuit court shall have authority, after hearing evidence submitted on such question, to order a submission of the question, after having caused publication of notice of a hearing on such petition in the same manner as the notice required in section 67.1874, in substantially the following form:

Shall (Insert the name of the law enforcement district) Law Enforcement District be dissolved?

☐ YES ☐ NO

2. If the court shall find that it is to the best interest of the inhabitants of the district that such district be dissolved, it shall make an order reciting such finding and providing for the submission of the proposition to dissolve such district to a vote of the voters of the district, setting forth such further

details in its order as may be necessary to an orderly conduct of such election. Such election shall be held at the municipal election. Returns of the election shall be certified to the court.

If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.

3. 4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861 **or, at the option of the county collector, and upon certification by the district for collection, each special assessment may be added to the annual real estate tax bill for the property and collected by the county collector in the same manner and procedure for collecting real estate taxes. Each special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale pursuant to Chapter 140 or, if applicable to that county, Chapter 141.**

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 9

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 360, Section 67.4520, Page 5, Line 51, by inserting the following after all of said line:

“94.585. 1. The governing body of any city of the third classification with more than ten thousand eight hundred but fewer than ten thousand nine hundred inhabitants and located in more than one county may impose, by order or ordinance, a sales tax on all retail sales made within the city which

are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one percent, and shall be imposed solely for the purpose of funding the construction, maintenance, operation, and equipping of a community center and retiring any bonds issued for such purposes. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such order or ordinance adopted under this section shall become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax and issue bonds under this section. Such a proposal may include only the proposal to impose a sales tax or a proposal to issue bonds and to impose a sales tax to retire such bonds.

3. The ballot of submission shall contain, but need not be limited to the following language:

(1) If the proposal submitted involves only authorization to impose the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) impose a sales tax of (insert amount) for a period of twenty-five years for the purpose of funding the construction, maintenance, operation, and equipping of a community center which may include the retirement of debt under previously authorized bonded indebtedness?

(2) If the proposal submitted involves authorization to issue bonds and repay such bonds with revenues from the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) issue bonds in the amount of (insert amount) for a period of twenty-five years to fund construction, maintenance, operation, and equipping of a community center and impose a sales tax of (insert amount) to repay bonds?

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax, except that any proposal submitted to issue bonds shall be approved by the constitutionally required percentage of the voters voting thereon to become effective. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by the requisite majority of the qualified voters voting on the question. In no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

5. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created and shall be known as the "City Community Center Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the city for

erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special fund which are not needed for meeting current obligations under any bond issued under this section or for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least ten percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. Except as provided in subsection 9 of this section, if a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

9. No sales tax imposed under this section shall be terminated until all of any bonds issued under this section have been retired.

10. The sales tax imposed under this section shall be imposed for a period of twenty-five years, and may be extended upon the approval of the voters of the city in the same manner in which the sales tax was adopted.

11. The city shall establish a board consisting of seven members, one of which shall be the mayor of the city, to administer the provisions of this section with such powers and duties which shall be delegated by the governing body of the city.

12. No bonds issued under this section shall be refinanced for a term longer than the number of years remaining on the original terms of the bonds being refinanced without the approval of the voters of the city. Any proposal to refinance such bonds submitted to the voters shall include the number of years the bonds will be refinanced and the number of years the sales tax will be extended to repay such refinanced bonds.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for House Bill No. 458, Page 24, Section 411.280, Line 6 of said page, by inserting after all of said line the following:

“442.014. 1. This act shall be known and may be cited as the “Private Landowner Protection Act”.

2. As used in this section, unless the context otherwise requires, the following terms mean:

(1) “Conservation easement”, a nonpossessory interest of a holder in real property imposing limitations or affirmative obligations the purposes of which include retaining or protecting natural, scenic, or open-space values of real property, assuring its availability for agricultural, forest, recreational, or open-space use, protecting natural resources, maintaining or enhancing air or water quality, or preserving the historical, architectural, archaeological, or cultural aspects of real property;

(2) “Holder”, any of the following:

(a) A governmental body empowered to hold an interest in real property under the laws of this state or the United States;

(b) A charitable corporation, charitable association, or charitable trust, the purposes, powers, or intent of which include retaining or protecting the natural, scenic, or open-space values of real property, assuring the availability of real property for agricultural, forest, recreational, or open-space use, protecting natural resources, maintaining or enhancing air or water quality, or preserving the historical, architectural, archaeological, or cultural aspects of real property; or

(c) An individual or other private entity;

(3) “Third-party right of enforcement”, a right expressly provided in a conservation easement to enforce any of its items granted to a designated governmental body, charitable corporation, charitable association, charitable trust, individual, or any other private entity which, although eligible to be a holder, is not a holder.

3. (1) Except as otherwise provided in this section, a conservation easement may be created, conveyed, recorded, assigned, released, modified, terminated, or otherwise altered or affected in the same manner as other easements. No right or duty in favor of or against a holder and no right in favor of a person having a third-party right of enforcement arises under a conservation easement before its acceptance by the holder and a recordation of the acceptance. Except as provided in subdivision (2) of this subsection, a conservation easement is unlimited in duration unless the instrument creating it provides otherwise.

(2) An interest in real property in existence at the time a conservation easement is created is not impaired by it unless the owner of the interest is a party to the conservation easement or consents to it.

4. (1) An action affecting a conservation easement may be brought by an owner of an interest in real property burdened by the easement; a holder of the easement, a person having a third-party right of enforcement; or a person authorized by other law.

(2) This section does not affect the power of a court to modify or terminate a conservation easement in accordance with the principles of law and equity.

5. A conservation easement is valid even though:

(1) It is not appurtenant to an interest in real property;

(2) It can be or has been assigned to another holder;

(3) It is not of a character that has been recognized traditionally at common law;

(4) It imposes a negative burden that would prevent a landowner from performing acts on the land he or she would otherwise be privileged to perform absent the agreed-upon easement;

(5) It imposes affirmative obligations upon the owner of an interest in the burdened property or upon the holder;

(6) The benefit does not touch or concern real property; or

(7) There is no privity of estate or of contract.

6. Nothing in this section shall affect the ability of any public utility, municipal utility, joint municipal utility commission, rural electric cooperative, telephone cooperative, or public water supply district to acquire an easement, either through negotiation with an owner of an interest in real property or by condemnation, to lay or construct plants or facilities for the transmission or distribution of electricity, natural gas, telecommunications service, water, or the carriage of sewage along or across a conservation easement.

7. This section applies to any interest created after its effective date which complies with this section, whether designated as a conservation easement or as a covenant, equitable servitude, restriction, easement, or otherwise. This section applies to any interest created before its effective date if it would have been enforceable had it been created after its effective date unless retroactive application contravenes the constitution or laws of this state or the United States. This section does not alter the terms of any interest created before its effective date, or impose any additional burden or obligation on any grantor or grantee of such interest, or on their successors or assigns. This section does not invalidate any interest, whether designated as a conservation or preservation easement or as a covenant, equitable servitude, restriction, easement, or otherwise, that is enforceable under other laws of this state.”; and

Further amend the title and enacting clause accordingly.

Senator Schaefer moved that the above amendment be adopted, which motion prevailed.

Senator Stouffer offered **SA 2:**

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor’s books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor’s

plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's

rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire

cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

b. Is sixty-five years of age or older, or is disabled;

c. Had a federal adjusted gross income not exceeding the maximum upper limit in the year before becoming qualified under this subsection.

(2) **Notwithstanding any other provision of law to the contrary, for all property assessments conducted after December 31, 2011, the assessed valuation of a principal residence shall not increase by a percentage greater than the cost-of-living increase in Social Security benefits in the previous year, except as otherwise provided in this subsection, in any assessment conducted after the qualified taxpayer has reached sixty-five years of age or has become disabled.**

(3) **This subsection shall not apply to any increase in the assessed valuation of a principal residence due to an improvement made on the principal residence, unless the improvement was made solely for increased accessibility for individuals with physical disabilities.**

(4) **This subsection shall not apply to any increase in the assessed valuation of a principal residence after the conveyance of the principal residence to another individual who is not a qualified taxpayer. The assessed valuation of such principal residence shall be the assessed valuation as provided in subsections 1 to 16 of this section in the next annual assessment.**

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

(1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and

(2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

(a) Within the state of Missouri, according to the last decennial census or other appropriate source as approved by the director; or

(b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

(3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no

enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

(4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

- (a) The state of Missouri over the previous twelve months; or
- (b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100 due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a “county of declining population” is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

- (1) The potential to create sustainable jobs in a targeted industry; or
- (2) A demonstrated impact on local industry cluster development.

5. Notwithstanding the requirements of subsections 1 and 4 of this section to the contrary, a renewable energy generation zone may be designated as an enhanced enterprise zone if the renewable energy generation zone meets the criteria set forth in subdivision (25) of section 135.950.

135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution **or ordinance** by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. **Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions.** In addition to enhanced business

enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027.

137.010. The following words, terms and phrases when used in laws governing taxation and revenue in the state of Missouri shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

The term “processing” shall not include hulling, cleaning, drying, grating, or polishing;

(2) **“Hydroelectric power generating equipment”, very-low-head turbine generators with a nameplate generating capacity of at least four hundred kilowatts but not more than six hundred kilowatts and machinery and equipment used directly in the production, generation, conversion, storage, or conveyance of hydroelectric power to land-based devices and appurtenances used in the transmission of electrical energy;**

[(4)] (5) “Tangible personal property” includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place.

(1) “Agricultural and horticultural property”, all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the Nation Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. (2) “Residential property”, all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, and manufactured home parks, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, “transient housing” means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(3) “Utility, industrial, commercial, railroad and other real property”, all real property used directly or indirectly, for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of section 4(b) of article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term “utility, industrial, commercial, railroad and other real property”.

2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

- (1) Immediate prior use, if any, of such property;
- (2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

Further amend said bill, Page 40, Section 205.205, Line 67, by inserting after all of said section and line the following:

“226.224. Notwithstanding any provision of the law to the contrary, the state highways and transportation commission may enter into binding highway infrastructure improvement agreements to reimburse or repay, in an amount and in such terms agreed upon by the parties, any funds advanced by or for the benefit of a county, political subdivision, or private entity to expedite state road construction or improvement. Such highway infrastructure improvement agreements may provide for the assignment of the state highways and transportation commission’s reimbursement or repayment obligations in order to facilitate the funding of such improvements. The funds advanced by or for the benefit of the county, political subdivision, or private entity for the construction or improvement of state highway infrastructure shall be repaid by the state highways and transportation commission from funds from the state road fund in a manner, time period, and interest rate agreed to upon by the respective parties. The state highways and transportation commission may condition the reimbursement or repayment of such advanced funds upon projected highway revenues only if terms of the contract explicitly state such a condition. The contract shall further provide for a date or dates certain for repayment of funds and the commission may delay repayment of the advanced funds if highway revenues fall below the projections used to determine the repayment schedule, or if repayment would jeopardize the receipt of federal highway moneys, only if terms of the contract state such a condition and the contract provides for a date or dates certain for repayment of funds.”;
and

However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

No rule or portion of a rule promulgated under the authority of sections 197.010 to 197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

2. For purposes of evaluating such process and standards, the number and nature of complaints filed and the recommended actions by the department and, as appropriate, CMS shall be disclosed upon request to hospitals, so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) The scope of a departmental investigation of a complaint shall be limited to the specific

(6) The regulations shall establish specific time lines for state hospital officials to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations. Such time lines shall be identical to, to the extent practicable, to the time lines established for the federal hospital certification and enforcement system in CMS's State Operations Manual, as amended.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

2. Other provisions of law to the contrary notwithstanding, the department of health and senior services shall be the only state agency to determine life safety and building codes for hospitals defined or licensed pursuant to the provisions of this chapter, including but not limited to sprinkler systems, smoke detection devices and other fire safety related matters so long as any new standards shall apply only to new construction.”; and

FIRST REGULAR SESSION

SIXTY-EIGHTH DAY—THURSDAY, MAY 12, 2011

The Senate met pursuant to adjournment.

“My brothers and sisters, whenever you face trials of any kind, consider it nothing but joy, because you know that the testing of your faith produces endurance.” (James 1:2-3)

So when they come, let us seek You and follow the path You have chosen, knowing that You will sustain us and not abandon us but be kept truly in Your heart. So grant us patience and strength and help us remain faithful. In Your Holy Name we pray. Amen.

HOUSE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill Nos. 26 & 106, Page 1, Section A, Line 2, by inserting after all of said section and line, the following:

“72.401. 1. If a commission has been established pursuant to [section] **sections 72.400 to 72.423** in any county with a charter form of government where fifty or more cities, towns and villages have been established, any boundary change within the county shall proceed solely and exclusively in the manner provided for by sections 72.400 to 72.423, notwithstanding any statutory provisions to the contrary concerning such boundary changes.

2. In any county with a charter form of government where fifty or more cities, towns and villages have been established, if the governing body of such county has by ordinance established a boundary commission, as provided in sections 72.400 to 72.423, then boundary changes in such county shall proceed only as provided in sections 72.400 to 72.423.

3. The commission shall be composed of eleven members as provided in this subsection. Each of the appointing authorities described in subdivisions (1) to (3) of this subsection shall appoint persons who shall be residents of their respective locality so described. The appointing authority making the appointments shall be:

(5) The county executive of the county, who shall name four members of the commission, three of whom shall be from the unincorporated area of the county and one of whom shall be from the incorporated area of the county. The seat of a commissioner shall be automatically vacated when the commissioner changes his or her residence so as to no longer conform to the terms of the requirements of the commissioner's appointment. The commission shall promptly notify the appointing authority of such change of residence.

4. Upon the passage of an ordinance by the governing body of the county establishing a boundary commission, the governing body of the county shall, within ten days, send by United States mail written notice of the passage of the ordinance to the chief elected official of each municipality wholly or partly in the county.

Each list shall be delivered to the county executive within forty-one days of the passage of such ordinance. The county executive shall appoint members within forty-five days of the passage of the ordinance. If a list is not submitted by the time specified, the county executive shall appoint the members using the criteria of subsection 3 of this section before the sixtieth day from the passage of the ordinance. Such a boundary adjustment is not prohibited by the existence of an established unincorporated area.

9. HOUSE AMENDMENT NO. 2

Amend Senate Committee Substitute for Senate Bill Nos. 26 and 106, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

“136.055. 1. Any person who is selected or appointed by the state director of revenue as provided in subsection 2 of this section to act as an agent of the department of revenue, whose duties shall be the processing of motor vehicle title and registration transactions and the collection of sales and use taxes when required under sections 144.070 and 144.440, and who receives no salary from the department of revenue, shall be authorized to collect from the party requiring such services additional fees as compensation in full and for all services rendered on the following basis:

(1) For each motor vehicle or trailer registration issued, renewed or transferred--three dollars and fifty cents and seven dollars for those licenses sold or biennially renewed pursuant to section 301.147;

(2) For each application or transfer of title--two dollars and fifty cents;

(3) For each instruction permit, nondriver license, chauffeur’s, operator’s or driver’s license issued for a period of three years or less--two dollars and fifty cents and five dollars for licenses or instruction permits issued or renewed for a period exceeding three years;

(4) For each notice of lien processed--two dollars and fifty cents;

(5) No notary fee or other fee or additional charge shall be paid or collected except for electronic telephone transmission reception--two dollars.

2. The director of revenue shall award fee office contracts under this section through a competitive bidding process. The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code of 1986, as amended, and political subdivisions, including but not limited to, municipalities, counties, and fire protection districts. The director of the department of revenue may promulgate rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. All fees collected by a tax-exempt organization may be retained and used by the organization.

4. All fees charged shall not exceed those in this section. The fees imposed by this section shall be collected by all permanent offices and all full-time or temporary offices maintained by the department of revenue.

5. Any person acting as agent of the department of revenue for the sale and issuance of registrations, licenses, and other documents related to motor vehicles shall have an insurable interest in all license plates, licenses, tabs, **window stickers**, forms and other documents held on behalf of the department.

6. The fees authorized by this section shall not be collected by motor vehicle dealers acting as agents of the department of revenue under section 32.095 or those motor vehicle dealers authorized to collect and remit sales tax under subsection 8 of section 144.070.

7. Notwithstanding any other provision of law to the contrary, the state auditor may audit all records maintained and established by the fee office in the same manner as the auditor may audit any agency of the state, and the department shall ensure that this audit requirement is a necessary condition for the award of all fee office contracts. No confidential records shall be divulged in such a way to reveal personally identifiable information.

301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April each year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of each year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, owners of fleet vehicles may apply for fleet license plates bearing a company name or logo. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab **or window sticker**. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390, if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state

highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) **Beginning January 1, 2012**, the director of revenue shall issue annually or biennially a [tab or set of tabs] **window sticker, to be placed on the front windshield of the motor vehicle**, as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. **Notwithstanding the provisions of this section, motorcycles and trailers shall be issued license plate tabs in lieu of window stickers.** Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs **or window sticker** to ensure that the tab or tabs **or the window sticker** positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs **or window stickers** shall be produced in each license bureau office.

(2) [The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate] **The window sticker shall be placed on the inside front window in an area prescribed by the director of revenue. Tabs issued to motorcycles and trailers shall be affixed and displayed in the designated area of the license plate.**

(3) A tab or [set of tabs] **window sticker** issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs **or window sticker** shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other

suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. [No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.] **Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.**

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates **and window sticker** shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a

motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. **A window sticker shall not be required during the thirty-day time frame.** As used in this subsection, the term “trade-in motor vehicle or trailer” shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and

fifty cents for each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

301.160. Upon approval of the application for registration of a motor vehicle or trailer and when the required fee has been paid to the department of revenue, the department shall forward or deliver to the applicant the registration receipt and the number of license plates prescribed for the vehicle or trailer by section 301.130, or renewal tabs **or window stickers** if appropriate. The attachment to the motor vehicle or trailer specified in the application of current license plates shall be prima facie evidence that the fees have been paid for such license.

301.290. 1. Correctional enterprises of the department of corrections shall purchase, erect and maintain all of the machinery and equipment necessary for the manufacture of the license plates [and], tabs, **and window stickers** issued by the director of revenue, and of signs used by the state transportation department. [Beginning on January 1, 2011, correctional enterprises shall no longer erect and maintain tabs for the department of revenue.]

2. The director of revenue shall procure all plates issued by [him] **the director**, and the state transportation department shall procure all signs used by it from correctional enterprises, unless an emergency arises and correctional enterprises cannot furnish the plates, tabs, **window stickers**, or signs.

3. Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the price at which such plates and signs may be obtained upon the open market, but in no event shall such price be less than the cost of manufacture, including labor and materials.

4. All moneys derived from the sale of the plates, tabs, **window stickers**, and signs shall be paid into

the state treasury to the credit of the working capital revolving fund as provided in section 217.595.

301.300. 1. In event of the loss, theft, mutilation or destruction of any certificate of ownership, number plate, tab [or set of tabs] **or window sticker** issued by the director of revenue, the lawful holder thereof shall, within five days, file with the director of revenue, an affidavit showing such fact, and shall, on the payment of a fee of eight dollars and fifty cents, obtain a duplicate or replacement of such plate, certificate, tab [or set of tabs] **or window sticker**. Any duplicate certificate issued for any “motor vehicle primarily for business use”, as defined in section 301.010, shall be issued only to the owner of record.

2. Upon filing affidavit of lost, stolen, mutilated or destroyed certificate of registration, the director of revenue shall issue to the lawful owner a duplicate or replacement thereof upon payment of a fee of eight dollars and fifty cents.

3. Vehicle owners who elect not to transfer or renew multiyear plates shall be charged a fee equal to that charged for a lost plate in addition to the registration fee prescribed by law at the time the new plate or plates are issued.

4. Notwithstanding subsection 1 of this section, a new or used motor vehicle dealer may obtain a duplicate or replacement title in the owner’s name if the owner’s title has been lost, stolen, mutilated, or destroyed and is not available for assignment. In order to obtain the duplicate or replacement title from the department of revenue, the licensed dealer shall procure a power of attorney from the owner authorizing the dealer to obtain a duplicate or replacement title in the owner’s name and sign any title assignments on the owner’s behalf. The application to the department of revenue for the duplicate or replacement title shall be accompanied by the executed power of attorney, or a copy thereof, and the application shall contain the appropriate mailing address of the dealer. The director of the department of revenue is authorized to make all necessary rules and regulations for the administration of this subsection, and shall design all necessary forms required by this subsection. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

301.301. 1. Any person replacing a stolen license plate tab **or window sticker** issued on or after January 1, 2009, may receive at no cost up to two [sets of two] license plate tabs **or window stickers** per year when the application for the replacement tab **or sticker** is accompanied with a police report that is corresponding with the stolen license plate tab **or window sticker**.

2. Any person replacing a stolen license plate tab issued prior to January 1, 2009, may receive at no cost up to two sets of two license plate tabs per year when the application for the replacement tab is accompanied with a notarized affidavit verifying that such license plate tab or tabs were stolen.

301.302. A citation shall not be issued to any person stopped by law enforcement for a missing license plate tab or [tabs] **window sticker** if such person indicates that the tab or [tabs have] **window sticker has** been stolen and a check on such person’s vehicle registration reveals that the vehicle is properly registered. A law enforcement officer may issue a warning under these circumstances. In the event a citation is improperly issued to a person for a missing [tabs] **tab or window sticker** when the requirements of this

section are met, any court costs shall be waived.”; and

SENATE AMENDMENT NO. 2

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 506, Page 12, Section 137.073, Line 380, by inserting after all of said line the following:

“137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

(1) An occupancy permit has been issued for the property;

(2) A deed transferring ownership from one party to another has been filed with the recorder of deeds’ office subsequent to the date of the first permanent utility service;

(3) A utility company providing service in the county has verified a transfer of service for property from one party to another;

(4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term “natural disaster” means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section.”; and

2. The department shall review and revise its regulations governing hospital licensure and enforcement as to promote hospital and regulatory efficiencies and eliminate duplicative regulation and inspections by or on behalf of state and federal agencies. The hospital licensure regulations adopted under this section shall incorporate standards which shall include, but not be limited to, the following:

(1) Each citation or finding of a regulatory deficiency shall refer to the specific written and publicly available standard and associated written interpretative guidance that are the basis of the citation or finding;

(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the federal Centers for Medicare and Medicaid Services’ Conditions of Participation for hospitals and associated interpretive guidance;

(3) The department shall establish and publish a process and standards for complaint investigation, including but not limited to:

(a) A process and standards for determining which complaints warrant an onsite investigation based on a preliminary review of available information from the complainant and the hospital. The process and standards shall, at a minimum, provide for a departmental determination independent of any recommendation for investigation by or in consultation with the federal Centers for Medicare and Medicaid Services (CMS). For purposes of evaluating such process and standards, the number

and nature of complaints filed and the recommended actions by the department and, as appropriate, CMS shall be disclosed upon request to hospitals, so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) The scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a threat of immediate jeopardy of safety is observed or identified during such investigation;

Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;

(4) Subject to appropriations, the department shall designate adequate and sufficient resources to the annual inspection of hospitals necessary for licensure, including but not limited to resources for consultation services and collaboration with hospital personnel to facilitate improvements;

(6) The regulations shall establish specific time lines for state hospital officials to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations. Such time lines shall be identical to, to the extent practicable, to the time lines established for the federal hospital certification and enforcement system in CMS's State Operations Manual, as amended.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

retarded” shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) “Services of intermediate care facilities for the mentally retarded” has the same meaning as the term used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the mentally retarded or developmentally disabled in this state.

3. Each facility’s assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. 12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the mentally retarded provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the mentally retarded granted by state law.

(2) The provider is not a retailer of frames or corrective lenses or both.

3. If optometric services are being provided in connection to a treatment plan for corrective surgery, then the health carrier shall not directly or indirectly through intermediaries refuse to select an eye care provider for the network, refuse to refer an enrollee for health services provided within the scope of an eye care provider's license or reimburse for covered services in a discriminatory manner.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes

cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the county hospital, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "County Hospital Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any county that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the county. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any county that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the county equal to at least ten percent of the number of registered voters of the county voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director shall remit the balance in the account to the county and close the account of that county. The director shall notify

each county of each instance of any amount refunded or any check redeemed from receipts due the county.

206.165. 1. The governing body of any hospital district established under sections 206.010 to 206.160 in any county of the third classification without a township form of government and with more than ten thousand six hundred but fewer than ten thousand seven hundred inhabitants may, by resolution, abolish the property tax authorized in such district under this chapter and impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144 and all sales of metered water services, electricity, electrical current and natural, artificial or propane gas, wood, coal, or home heating oil for domestic use only as provided under section 144.032. The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized

in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.”; and

Further amend said Bill, Page 19, Section 630.167, Line 110, by inserting after all of said section and line the following:

“Section B. Because immediate action is necessary to adequately fund certain hospital districts in this state, the repeal and reenactment of section 144.032 and the enactment of section 206.165 of section A of this act are deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 144.032 and the enactment of section 206.165 of section A of this act shall be in full force and effect upon its passage and approval.”; and

Amend Senate Substitute for House Committee Substitute for House Bill No. 473, Page 1, In the Title, Lines 4-5 of said page, by striking the following: “charter schools” and inserting in lieu thereof the following: “elementary and secondary education”; and

Further amend said bill, page 46, section 160.425, line 18 of said page, by inserting after all of said line the following:

“167.131. 1. The board of education of each district in this state that does not maintain an accredited school **for specific grade levels** pursuant to the authority of the state board of education to classify schools as established in section 161.092 shall pay [the] tuition [of] **as calculated by the receiving district under subsection 2 of this section** and provide transportation consistent with the provisions of section 167.241 for each pupil resident therein who attends an accredited **public** school in another district of the same or an adjoining county.

2. The rate of tuition to be charged by the district attended and paid by the sending district is the per pupil cost of maintaining the district's grade level grouping which includes the school attended. The cost of maintaining a grade level grouping shall be determined by the board of education of the district but in no case shall it exceed all amounts spent for teachers' wages, incidental purposes, debt service, maintenance and replacements. The term “debt service”, as used in this section, means expenditures for the retirement of bonded indebtedness and expenditures for interest on bonded indebtedness. Per pupil cost of the grade level grouping shall be determined by dividing the cost of maintaining the grade level grouping by the average daily pupil attendance. If there is disagreement as to the amount of tuition to be paid, the facts shall be submitted to the state board of education, and its decision in the matter shall be final. Subject to the limitations of this section, each pupil shall be free to attend the public school of his or her choice.

3. The board of education of each district in this state that has been declared unaccredited pursuant to the authority of the state board of education as established in section 161.092 shall pay tuition and provide transportation consistent with the provisions of section 167.241 for each pupil resident therein who meets the criteria of this subsection and subsection 5 of this section. A pupil from an unaccredited district may attend a school in another district of the same or an adjoining county if the receiving district is accredited without provision and if the pupil has been enrolled in and attending a public school in the district during the school year when such declaration is made, or has enrolled and attended in the unaccredited district in school years subsequent to the year in which the declaration is made. Pupils who reside in the unaccredited district who become eligible for kindergarten or first grade in a school year after the effective date of this section are also eligible to transfer. The rate of tuition to be charged by the district attended and paid by the sending district shall be the lesser of the nonresident tuition established by each district under subsection 2 of this section or, in the absence of an established nonresident tuition, the lesser of the two districts' average expenditure per pupil for the most recently completed year for which data are available. The residence district shall pay the cost of education in the receiving district, under section 162.705, for

any resident student with an individualized education plan who is accepted in the receiving district.

4. Before a student who currently attends a public school in an unaccredited school district applies for a transfer to attend a public school in an accredited school district in the same or an adjoining county under subsection 3 of this section, the unaccredited district shall determine if a space is available for the student in a school in the unaccredited district that meets adequate yearly progress standards under the federal No Child Left Behind act. If such a space exists, the student shall remain enrolled in the unaccredited district attending such school. The right of first intervention by the unaccredited school district shall remain in effect as long as available spaces are open in qualifying schools.

5. By June 30, 2011, each school district shall establish specific criteria through board policy for the admission of nonresident pupils from districts that have been classified as unaccredited by the state board of education who seek admission into a school district under subsection 3 of this section. The primary criteria shall be the availability of highly qualified teachers in existing classroom space. Each district shall establish criteria for calculating available seats that take into account the district's resident student population growth or decrease, based on demographic projections provided by the office of socioeconomic data analysis, such that the receiving district shall not be required to employ additional teachers or construct new classrooms to accommodate such transfer pupils. No resident pupil shall be displaced from a school to which he or she would otherwise be assigned to accommodate the admission of a nonresident pupil. The assignment of a student to a particular building shall be the decision of the receiving district.

6. Once a student from an unaccredited district has been accepted under subsections 3 and 5 of this section, the student may complete the educational program in the building to which he or she has been assigned even if the student's residence district has regained its accreditation. Upon a student's transition from an educational program in the building to which the student was assigned to an educational program in a different building, if the student's residence district has regained accreditation, the student shall return to the residence district to begin the next educational program.”; and

Further amend the title and enacting clause accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-NINTH DAY—FRIDAY, MAY 13, 2011

The Senate met pursuant to adjournment.

Senator Pearce in the Chair.

Reverend Carl Gauck offered the following prayer:

“Therefore nothing should give comfort and joy to those who love you as much as knowing that your will and purposes are accomplished in them.” (Thomas a Kempis)

Gracious God, this is it, our last day to try to get a lot done in a short amount of time. And whether we get that last minute bill before the body or last ditch effort to pass what we consider important legislation, let us be mindful that our comfort and joy comes from our relationship with You and our efforts to follow Your lead and accomplish it in what we have done here, for Your will and honor are more important than anything else. And may we all know Your blessings this day and end the day in praise and thanksgiving. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

President Kinder assumed the Chair.

At a minimum, such information shall be made available to such individual through an internet website and such other means for individuals without access to the internet. As used in this section, the terms “health carrier” and “health benefit plans” shall have the same meanings assigned to them in section 376.1350.

This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term

major medical policy of six months or less duration, or any other supplemental policy.

3. Any health care benefit mandate proposed after August 28, 2011, shall be subject to review by the oversight division of the joint committee on legislative research. The oversight division shall perform an actuarial analysis of the cost impact to private and public payers of any new or revised mandated health care benefit proposed by the General Assembly after August 28, 2011 and a recommendation shall be delivered to the Speaker and the President Pro Tem prior to mandate being enacted.

4. The provisions of this section shall become effective on January 1, 2014.”; and

Further amend said Bill, Section 633.401, Page 6, Line 94 by inserting after all of said section and line the following:

“Section 1. Notwithstanding the provisions of section 1.140 to the contrary, the provisions of this act shall be nonseverable, and if any provision is for any reason held to be invalid, such decision shall invalidate all of the remaining provisions of this act.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE CONCURRENT RESOLUTION NO. 48

WHEREAS, the United States and the world find themselves dependent upon China for a group of minerals and metals known as “Rare Earth Elements” that are critical to many commercial, environmental, and defense applications; and

WHEREAS, rare earth elements represent the only known bridge to the next level of improved performance in the material properties for many metallurgical alloys, electrical conductivity, radio active shielding, and instrument sensitivity; and

WHEREAS, thorium is a naturally occurring companion element to the rare earth elements which can be extracted as a byproduct of rare earth mining at no additional expense and without creating additional mining waste; and

WHEREAS, thorium can be used as fuel in a nuclear power plant because it is a slightly radioactive metal and is 550 times more abundant than Uranium 235 needed for nuclear power; and

WHEREAS, thorium is generally considered harmless except through extreme long-term exposure or unless it is inhaled as a very fine dust; and

WHEREAS, thorium emits alpha rays which have no penetrating strength and cannot pass through human skin or thin plastic film; and

WHEREAS, thorium emits less radiation than sun light, radon from a gas stove top, potassium in a banana, X-rays, frequent air travel, and TSA full body scans; and

WHEREAS, the United States has two permitted world class rare earth mines - the Pea Ridge Mine in Washington County, Missouri, and the Mountain Pass Mine in California; and

WHEREAS, Missouri’s Pea Ridge Mine has all 17 of the recoverable rare earth elements and is the only permitted heavy rare earth mine outside of China. The Mountain Pass Mine only has 8 of the 17 recoverable rare earth elements and cannot produce rare earths; and

WHEREAS, the United States has no refining facilities to process the rare earths from the Pea Ridge Mine or manage the thorium byproduct; and

WHEREAS, a thorium-fueled nuclear reactor generates hundreds of times the power as a uranium or coal plant, but produces essentially no waste. A thorium plant would produce less than 1% of the waste that a uranium plant produces and produces no carbon or greenhouse gases, unlike coal plants; and

WHEREAS, while the waste of a uranium power plant is toxic for more than 10,000 years, the little waste that is produced by a thorium power plant is benign in less than 200 years; and

WHEREAS, a thorium power plant can be used to burn our current stockpile of nuclear waste. In addition, thorium power plants cannot “melt down”, thorium cannot practically be used to make nuclear weapons, thorium does not require any enrichment for energy use, and there is enough thorium in the United States alone to power the country at its current energy level for more than 10,000 years; and

WHEREAS, a thorium power plant can tap right in at the source of a current coal or uranium power plant without the need for laying a new grid; and

WHEREAS, through the development of a centralized rare earth-thorium facility, all thorium waste products can be managed and

controlled in an environmentally safe manner; and

WHEREAS, China's monopoly on production of rare earth elements is posed to capture emerging technologies and manufacturing facilities from around the world, in exchange for supply contracts; and

WHEREAS, absent any new production, Asia will soon consume 100% of the world's production of rare earth elements; and

WHEREAS, China's National Industrial Policy of Rare Earth Dominance cannot be challenged by private investment. The United States must develop a National Domestic Rare Earth Refinery to survive; and

WHEREAS, unless the United States Congress makes changes, our rare earths will be sent to China for processing and they will not come back for use in the United States; and

WHEREAS, with its Pea Ridge Mine, Missouri can become the exclusive producer of heavy rare earths in the United States and attract new high tech companies from around the world:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby:

(1) Strongly support the development of thorium energy and the Pea Ridge Mine in Washington County, Missouri, in its efforts to extract thorium as a byproduct of rare earth element mining; and

(2) Strongly urge the United States Congress to support the use of thorium as a safe, efficient fuel source by taking the necessary steps to allow the Pea Ridge Mine in Missouri to extract thorium as a byproduct of rare earth elements mining and for the development of the refineries necessary to support thorium power plants; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Majority and Minority Leaders of the United States Congress and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 53**.

HOUSE CONCURRENT RESOLUTION NO. 53

WHEREAS, the average price of gasoline has risen to nearly \$4.00 a gallon and are projected to remain there or go even higher as the summer months approach; and

WHEREAS, numerous components make up the price of gasoline, including the cost of crude oil (45%), federal and state taxes (23%), refining costs (22%), and marketing and distribution costs (10%). These components are affected by many factors; and

WHEREAS, the three main factors that contribute to changes in the price of gasoline are changes in crude oil prices, the transparency of energy markets, and regulations that affect the price of gasoline; and

WHEREAS, there is very little government can do about crude oil prices and transparency. Crude oil prices are affected by world supply and demand, which continues to grow and most rapidly in Asia. Transparency produces highly efficient markets, but it also increases volatility. Any reduction in transparency would offset efficiency; and

WHEREAS, while states have limited authority and options available to attempt to reverse the soaring fuel prices and alleviate the growing financial burden on its citizenry, the federal government is able to ease the pressure on prices and reduce volatility by reducing its own interference in the market - most directly by the way of taxes and regulation; and

WHEREAS, federal regulations have contributed significantly to the high price, high volatility environment facing consumers today. These regulations have led to the proliferation of numerous fuel blends - known as "boutique fuels" - which in turn have increased refining and distribution costs; and

WHEREAS, in addition to addressing the boutique fuel problem, Congress and the Administration should reform other Clean Air Act regulations that have resulted in the halt of construction of new refinery capacity and offshore drilling. More production and refinery capacity is needed to ease the pressure on the production system; and

WHEREAS, federal regulations are also affecting gasoline imports because foreign suppliers are unable to keep up with the increasing complexity of federal gasoline requirements. Volatility in the Middle East also threatens our second largest supplier of oil - OPEC; and

WHEREAS, while changes in federal regulations and policies are needed as a long-term solution, the federal government is able to impact gasoline prices in the short-term as well; and

WHEREAS, in the short-term, the Environmental Protection Agency should temporarily suspend clean-fuel requirements and reduce the number of fuel specifications across the country by offering a limited menu of fuel choices that states and localities can choose from; and

WHEREAS, with crude oil costs being the single largest component in the cost of gasoline, the only real impact on crude oil prices is the threat of competition; and

WHEREAS, the leading supplier of oil to the United States market is Canada, with Mexico as the third leading supplier. There are enough oil and gas resources under the ground of those two reliable neighbors to supply the United States at current consumption levels for the next 100 years; and

WHEREAS, by lowering any remaining cross-border barriers to energy imports and by increasing the capacity of cross-border distribution systems, Congress can lower the cost to both Canada and Mexico of shipping oil to the United States, thereby inducing them to bring more supply on line; and

WHEREAS, in order to reduce our dependence on foreign oil, Congress and the Administration should find ways to facilitate the building of new refineries, and an increase in production by permitting the uncapping of existing wells and the drilling of new wells; and

WHEREAS, Congress and the Administration should strive to maintain a well-functioning gasoline market for the good of the economy, without interfering in the marketplace. Changes in federal regulation, introduction of fuel flexibility, removing impediments to importation of fuel from Canada and Mexico, increasing refinery capacity and pipeline construction, as well as greater domestic oil exploration and opening additional areas of production would begin to ease the rising cost of fuels and reduce our dependence on foreign sources of oil:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the United States Congress and the Obama Administration to immediately seek long-term and short-term solutions to the rapidly rising fuel costs to ease the financial burden on its citizens and prevent a second recession; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama; Lisa P. Jackson, Administrator of the Environmental Protection Agency; the Majority and Minority Leaders of the United States Congress; and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted the Conference Committee Report on **SCS** for **SB 81**, as amended, and has taken up and passed **CCS** for **SCS** for **SB 81**.

Emergency clause adopted.

Bill ordered enrolled.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House refuses to recede from its position on **HA 1** and **HA 3** to **SCS** for **SB 323** and request the Senate to concur in **HA 1** and **HA 3** and take up and pass **SCS** for **SB 323**, as amended.

3. The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the state agency's applicable state or federal law requires the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure governs the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.

4. The state agency shall send notice to the debtor by United States regular mail at the debtor's last known address at least twenty days before the debt is referred to the department. The notice shall state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter or the state agency's own procedures.

32.430. 1. The department may establish policies and procedures to use the collection remedy afforded under section 143.902 in filing a lien with the county recorder of deeds and the filing of a certificate of lien with the circuit court. The department may also use collection remedies afforded under any chapter for collection of any state debt referred to the department. Debtors shall have all rights afforded under sections 32.410 to 32.470 to notice and to challenge the department's collection. The department shall not have authority to prosecute or defend civil actions on behalf of any other state agency, except as necessary to defend any challenges made to actions pursuant to section 143.902 or 143.910 for a debt referred by a state agency or to prosecute an action pursuant to subsection 10 of section 104.910.

2. Venue for any suit filed in aid of collection of a state debt referred to the department shall be in Cole County. If a judgment or a lien was filed with a circuit clerk prior to the date the debt was referred to the department, the venue shall be the county in which the judgment or lien was filed.

3. The department is authorized to employ department staff and attorneys, and at the department's discretion, the attorney general and prosecuting attorneys and private collection agencies as authorized in sections 136.150 and 140.850 in seeking collection of debts referred to the department by a state agency.

32.440. 1. The department shall add to the amount of debt referred to the department by a state agency the cost of collection which shall be ten percent of the total debt referred by the state agency. The department shall have the same authority to collect the cost of collection as the department has in collecting the debt referred by the state agency.

2. The cost of collection shall only be waived when:

(1) Within thirty days after the initial notice to the debtor by the department, the debtor establishes to the department reasonable cause for the failure to pay the debt prior to referral of the debt to the department, enters into an agreement satisfactory to the department to pay the debt in full, and fully abides by the terms of that agreement;

(2) A good faith dispute as to the legitimacy or the amount of the debt exists, and payment is remitted or an agreement satisfactory to the department to pay the debt in full is entered into within thirty days after resolution of the dispute, and the debtor fully abides by the terms of that agreement;

or

(3) Collection costs have been added by the state agency and are included in the amount of the referred debt.

3. If the department collects an amount less than the total due, the payment shall be applied proportionally to collection costs and the underlying debt unless the department has waived this requirement for certain categories of debt under the department's internal guidelines. Collection costs collected by the department under this section shall be deposited in the general revenue fund.

32.450. The department may compromise state debt referred to the department in accordance with section 32.378.

32.460. 1. The department and the referring state agency shall follow all federal and state laws regarding the confidentiality of information and records regarding the debtor including the disclosure of the debtor's Social Security number, which state agencies, including the judiciary, are authorized to provide to the department in assistance of collection of the state debt referred. Each specific state agency's confidentiality laws shall apply to the employees of the state agency and to the department.

2. The department and the referring state agency are authorized to exchange such information as is necessary for the successful collection of the state debt referred in accordance with section 610.032. The judiciary is hereby authorized to exchange such information with the department as is necessary for the successful collection of the state debt referred.”; and

Further amend said bill, Pages 18-19 , Sections 105.716, by deleting all of said section and inserting in lieu thereof the following:

“105.716. 1. Any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by the attorney general; provided, that in the case of any claim against the department of conservation, the department of transportation or a public institution which awards baccalaureate degrees, or any officer or employee of such department or such institution, any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by legal counsel provided by the respective entity against which the claim is made or which employs the person against whom the claim is made.

In the case of any payment from the state legal expense fund based upon a claim or judgment against the department of conservation, the department of transportation or any officer or employee thereof, the department so affected shall immediately transfer to the state legal expense fund from the department funds a sum equal to the amount expended from the state legal expense fund on its behalf.

2. All persons and entities protected by the state legal expense fund shall cooperate with the attorneys conducting any investigation and preparing any defense under the provisions of sections 105.711 to 105.726 by assisting such attorneys in all respects, including the making of settlements, the securing and giving of evidence, and the attending and obtaining witness to attend hearings and trials. Funds in the state legal expense fund shall not be used to pay claims and judgments against those persons and entities who do not cooperate as required by this subsection.

3. The provisions of sections 105.711 to 105.726 notwithstanding, the attorney general may investigate, defend, negotiate, or compromise any claim covered by sections 105.711 to 105.726 against any public institution which awards baccalaureate degrees whose governing body has declared a state of financial

exigency.

4. Notwithstanding the provisions of subsection 2 of section 105.711, funds in the state legal expense fund may be expended prior to the payment of any claim or any final judgment to pay costs of defense, including reasonable attorney's fees for retention of legal counsel, when the attorney general determines that a conflict exists or particular expertise is required, and also to pay for related legal expenses including medical examination fees, expert witness fees, court reporter expenses, travel costs and ancillary legal expenses incurred prior to the payment of a claim or any final judgment.

5. Notwithstanding any other provision of law to the contrary, no funds shall be expended from the state legal expense fund for settlement of any liability claim except upon the production of a no tax due statement from the department of revenue by the party making claim or having judgment under section 105.711, which shall be satisfied from such fund. Payments of no less than ten thousand dollars from the fund for property damage claims shall not require a no tax due statement from the department. If the party is found by the director of revenue to owe a delinquent tax debt to the state of Missouri under the revenue laws of this state, any funds to be paid to the party from the state legal expense fund shall be offset to satisfy such tax debt before payment is made to the party making claim or having judgment.”; and

Further amend said bill, Pages 40 -41, Section 144.083 by striking all of said sections from the bill and inserting in lieu thereof the following:

“144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the

director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.”; and

Further amend said bill, Pages 46 through 49 , Section 168.071, by deleting all of said section and inserting in lieu thereof the following:

“168.071. 1. The state board of education may refuse to issue or renew a certificate, or may, upon hearing, discipline the holder of a certificate of license to teach for the following causes:

(1) A certificate holder or applicant for a certificate has pleaded to or been found guilty of a felony or crime involving moral turpitude under the laws of this state, any other state, of the United States, or any other country, whether or not sentence is imposed;

(2) The certification was obtained through use of fraud, deception, misrepresentation or bribery;

(3) There is evidence of incompetence, immorality, or neglect of duty by the certificate holder;

(4) A certificate holder has been subject to disciplinary action relating to certification issued by another state, territory, federal agency, or country upon grounds for which discipline is authorized in this section; [or]

(5) If charges are filed by the local board of education, based upon the annulling of a written contract with the local board of education, for reasons other than election to the general assembly, without the consent of the majority of the members of the board that is a party to the contract; **or**

(6) Beginning January 1, 2012, the government entity issuing a valid certificate of license to teach in Missouri under section 168.011 shall at least one time each year provide the name and Social Security number of each certificate holder or applicant for certificate of a license to teach in Missouri to the director of revenue. The director of revenue shall at least one time each year check the status of each certificate holder or applicant for certificate of a license to teach in Missouri against a database developed by the director to determine if all state income tax returns have been filed and all state income taxes owed have been paid. If such certificate holder or applicant for certificate of a license to teach in Missouri is delinquent on any state taxes, or has failed to file state income tax returns in the last three years, the director shall then send notice to the certificate holder or applicant for certificate of a license to teach in Missouri and the department of elementary and secondary education. In the case of such delinquency or failure to file, the certificate holder's license shall be suspended within ninety days after notice of such delinquency or failure to file, and the applicant for

certificate's license shall not be issued unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the government entity issuing the certificate of license to teach that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the certificate holder or applicant for certificate that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. The board of education may also petition the office of the attorney general to file charges on behalf of the school district for any cause other than annulment of contract, with acceptance of the petition at the discretion of the attorney general.

3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

5. The certificate holder shall be given not less than thirty days' notice of any hearing held pursuant to this section.

6. Other provisions of this section notwithstanding, the certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

(1) Any dangerous felony as defined in section 556.061 or murder in the first degree;

(2) Any of the following sexual offenses: rape; statutory rape in the first degree; statutory rape in the second degree; sexual assault; forcible sodomy; statutory sodomy in the first degree; statutory sodomy in the second degree; child molestation in the first degree; child molestation in the second degree; deviate sexual assault; sexual misconduct involving a child; sexual misconduct in the first degree; sexual abuse; enticement of a child; or attempting to entice a child;

(3) Any of the following offenses against the family and related offenses: incest; abandonment of child in the first degree; abandonment of child in the second degree; endangering the welfare of a child in the first degree; abuse of a child; child used in a sexual performance; promoting sexual performance by a child; or trafficking in children; and

(4) Any of the following offenses involving child pornography and related offenses: promoting obscenity in the first degree; promoting obscenity in the second degree when the penalty is enhanced to a class D felony; promoting child pornography in the first degree; promoting child pornography in the second degree; possession of child pornography in the first degree; possession of child pornography in the second degree; furnishing child pornography to a minor; furnishing pornographic materials to minors; or coercing acceptance of obscene material.

7. When a certificate holder pleads guilty or is found guilty of any offense that would authorize the state board of education to seek discipline against that holder's certificate of license to teach, the local board of education or the department of elementary and secondary education shall immediately provide written notice to the state board of education and the attorney general regarding the plea of guilty or finding of guilty.

8. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.

9. In the case of any certificate holder who has surrendered or failed to renew his or her certificate of license to teach, the state board of education may refuse to issue or renew, or may suspend or revoke, such certificate for any of the reasons contained in this section.

10. In those cases where the charges filed pursuant to this section are based upon an allegation of misconduct involving a minor child, the hearing officer may accept into the record the sworn testimony of the minor child relating to the misconduct received in any court or administrative hearing.

11. Hearings, appeals or other matters involving certificate holders, licensees or applicants pursuant to this section may be informally resolved by consent agreement or agreed settlement or voluntary surrender of the certificate of license pursuant to the rules promulgated by the state board of education.

12. The final decision of the state board of education is subject to judicial review pursuant to sections 536.100 to 536.140.

13. A certificate of license to teach to an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, shall be issued only upon motion of the state board of education adopted by a unanimous affirmative vote of those members present and voting.”; and

Further amend said bill, Pages 51 and 52, Section 215.020, by deleting all of said section and inserting in lieu thereof the following:

“215.020. 1. There is hereby created and established as a governmental instrumentality of the state of Missouri the “Missouri Housing Development Commission” which shall constitute a body corporate and politic.

3. Six members of the commission shall constitute a quorum. Each additional term shall be subject to the advice and consent of the senate.

7. The operating budget of the commission shall be subject to annual appropriations.”; and

“lieu thereof sixty-two new sections relating to the collection and distribution of state money,”; and

Further amend said bill, Section 32.115, Pages 6-9, Lines 1-118, by striking all of said section from the bill and inserting in lieu thereof the following:

“32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two

hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter.

The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

6. Notwithstanding any provision of law to the contrary, no new projects shall be approved under the development tax credit program created pursuant to sections 32.100 to 32.125 after August 28, 2011. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to issue tax credits for any project approved prior to August 28, 2011, or the ability of any taxpayer to redeem any such tax credits.”; and

Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then “property taxes accrued” is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are “levied” when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, “property taxes accrued” means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision “unit” refers to the parcel of property covered by a single tax statement of which the homestead is a part[;

“135.025. 1. The property taxes accrued [and rent constituting property taxes accrued] on each return shall be totaled. This total, up to [seven hundred fifty dollars in rent constituting property taxes actually paid or] eleven hundred dollars in actual property tax paid, shall be used in determining the property tax credit. proof, the department of economic development shall certify the new facility to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period. Existing facilities or replaced facilities in existence for less than three years shall have the average expenditures calculated based upon the applicable time of existence; and

Any data storage center project seeking a tax exemption under subsection 4 of this section shall submit a project plan to the department of economic development, which shall identify each known constructing taxpayer and each known operating taxpayer for the project and include any additional information the department of economic development may reasonably require to determine eligibility for the exemption. The department of economic development shall review the project plan and determine whether the project is eligible for the exemption under subsection 4 of this section, conditional upon subsequent verification by the department that the project meets the requirements in subsection 1 of this section for an expanding facility project and the execution of the agreement specified in subsection 6 of this section. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditional approved facility has met the requirements in subsection 1 of this section, the project

taxpayers shall provide proof of the same to the department of economic development. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, shall issue a refund of taxes paid but eligible for exemption under subsection 4 of this section to any applicable project taxpayer and issue a certificate of exemption to any applicable project taxpayer for ongoing exemptions under subsection 4 of this section.

6. (1) The exemptions in subsections 2 and 4 of this section shall be tied to the new or expanding facility project. A certificate of exemption in the hands of a taxpayer that is no longer an operating or constructing taxpayer of the new or expanding facility project shall be invalid as of the date the taxpayer was no longer an operating or constructing taxpayer of the new or expanding facility project. New certificates of exemption shall be issued to successor constructing taxpayers and operating taxpayers at such new or expanding facility projects. The right to the exemption by successor taxpayers shall exist without regard to subsequent levels of investment in the new or expanding facility by successor taxpayers.

(2) As a condition of receiving an exemption under subsection 2 or 4 of this section, the project taxpayers shall enter into an agreement with the department of economic development providing for repayment penalties in the event the data storage center project fails to comply with any of the requirements of this section.

(3) The department of revenue shall credit any amounts remitted by the project taxpayers under this subsection to the fund to which the sales and use taxes exempted would have otherwise been credited.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

Further amend said bill, Sections 196.1109 and 196.1115, Pages 49- 51, by striking all of said sections from the bill and inserting in lieu thereof the following:

“196.1109. All moneys that are appropriated by the general assembly from the life sciences research trust fund shall be appropriated to the life sciences research board to increase the capacity for quality of life sciences research at public and private not-for-profit institutions in the state of Missouri and to thereby:

(1) Improve the quantity and quality of life sciences research at public and private not-for-profit institutions, including but not limited to basic research (including the discovery of new knowledge),

translational research (including translating knowledge into a usable form), and clinical research (including the literal application of a therapy or intervention to determine its efficacy), including but not limited to health research in human development and aging, cancer, endocrine, cardiovascular, neurological, pulmonary, and infectious disease, and plant sciences, including but not limited to nutrition and food safety; and

(2) Enhance technology transfer and technology commercialization derived from research at public and private not-for-profit institutions within the centers for excellence. For purposes of sections 196.1100 to 196.1130, “technology transfer and technology commercialization” includes stages of the regular business cycle occurring after research and development of a life science technology, including but not limited to reduction to practice, proof of concept, and achieving federal Food and Drug Administration, United States Department of Agriculture, or other regulatory requirements in addition to the definition in section 348.251. Funds received by the board may be used for purposes authorized in sections 196.1100 to 196.1130 and shall be subject to the restrictions of sections 196.1100 to 196.1130, including but not limited to the costs of personnel, supplies, equipment, and renovation or construction of physical facilities; provided that in any single fiscal year no more than [ten] **thirty** percent of the moneys appropriated shall be used for the construction of physical facilities and further provided that in any fiscal year **up to** eighty percent of the moneys shall be appropriated to build research capacity at public and private not-for-profit institutions and **at least** twenty percent **and no more than fifty percent** of the moneys shall be appropriated for grants to public or private not-for-profit institutions to promote life science technology transfer and technology commercialization. Of the moneys appropriated to build research capacity, twenty percent of the moneys shall be appropriated to promote the development of research of tobacco-related illnesses.

196.1115. 1. The moneys appropriated to the life sciences research board that are not distributed by the board in any fiscal year to a center for excellence or a center for excellence endorsed program pursuant to section 196.1112, if any, shall be held in reserve by the board or shall be awarded on the basis of peer review panel recommendations for capacity building initiatives proposed by public and private not-for-profit academic, research, or health care institutions or organizations, or individuals engaged in competitive research in targeted fields consistent with the provisions of sections 196.1100 to 196.1130.

2. The life sciences research board may, in view of the limitations expressed in section 196.1130:

(1) Award and enter into grants or contracts relating to increasing Missouri’s research capacity at public or private not-for-profit institutions;

(2) Make provision for peer review panels to recommend and review research projects;

(3) Contract for [administrative and] support services;

(4) Lease or acquire facilities and equipment;

(5) Employ administrative staff; and

(6) Receive, retain, hold, invest, disburse or administer any moneys that it receives from appropriations or from any other source.

3. The Missouri technology corporation, established under section 348.251, shall serve as the administrative agent for the life sciences research board.

4. The life sciences research board shall utilize as much of the moneys as reasonably possible for building capacity at public and private not-for-profit institutions to do research rather than for administrative

expenses. The board shall not in any fiscal year expend more than two percent of the total moneys appropriated to it and of the moneys that it has in reserve or has received from other sources for its own administrative expenses **for appropriations over twenty million dollars; three percent for appropriations less than twenty million dollars but more than fifteen million dollars; four percent for appropriations less than fifteen million dollars but more than ten million dollars; five percent for appropriations less than ten million dollars;** provided, however, that the general assembly by appropriation from the life sciences research trust fund may authorize a limited amount of additional moneys to be expended for administrative costs.”; and

Further amend said bill, Sections 253.545, 253.550, 253.557, 253.559, 348.250, 348.251, 348.256, Pages 52 - 66, by striking all of said sections from the bill and inserting in lieu thereof the following:

“253.545. As used in sections 253.545 to 253.559, the following terms mean, unless the context requires otherwise:

(1) “Certified historic structure”, a property located in Missouri and listed individually on the National Register of Historic Places;

(2) “Deed in lieu of foreclosure or voluntary conveyance”, a transfer of title from a borrower to the lender to satisfy the mortgage debt and avoid foreclosure;

(3) **“Department”, the department of economic development;**

(4) “Eligible property”, property located in Missouri and offered or used for residential or business purposes;

[(4)] (5) “Leasehold interest”, a lease in an eligible property for a term of not less than thirty years;

[(5)] (6) “Principal”, a managing partner, general partner, or president of a taxpayer;

[(6)] (7) “Structure in a certified historic district”, a structure located in Missouri which is certified by the department of natural resources as contributing to the historic significance of a certified historic district listed on the National Register of Historic Places, or a local district that has been certified by the United States Department of the Interior;

[(7)] (8) “Taxpayer”, any person, firm, partnership, trust, estate, limited liability company, or corporation;

(9) **“Total basis in the property”, the cost, or fair market value, of the property at the time of acquisition, or as otherwise defined in the Internal Revenue Code of 1986, as amended. Cost includes the cash paid, the fair market value of services rendered, and the fair market value of property traded in exchange for the property. Certain closing costs may also be added to the basis of property. Such closing costs include commissions paid by the purchaser, legal fees, recording fees, and state transfer taxes on real estate;**

(10) **“Total costs and expenses of rehabilitation”, all reasonable costs and expenses related to the rehabilitation of eligible property that is a certified historic structure or a structure in a certified historic district, including but not limited to qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and any related regulations promulgated under such section. Taxpayers may incur qualifying expenses included in the total costs and expenses of rehabilitation at their own risk up to one year before the date of submission of a preliminary application under section 253.559. Such reasonable costs and expenses shall include, but**

not be limited to, rehabilitation work in progress and accrued developer fees if an agreement or other contractual document provides for payment of such accrued developer fees within twelve years of project completion. If a taxpayer defaults on the payments of the developer fees, the applicant will be liable to the state for the portion of tax credits attributable to the amount of the unpaid developer fees over the twelve year period. In determining the total costs and expenses of rehabilitation the department shall accept such costs and expenses as certified by a licensed certified public accountant that is not an affiliate of the applicant, so long as such cost and expense certification is the same as being used to determine qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, or, if not eligible for federal historic preservation tax credits, then same as would be used if the project were eligible and using such certification to determine qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended; provided that the cost and expense certification will be subject to an audit by the department after the issuance of the tax credits. If there is a final disallowance of more than 10%, the applicant will be subject to a civil penalty equal to 110% of the tax credits attributable to the amount of the cost and expenses in excess of the final disallowance.

253.550. 1. Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or structure in a certified historic district[, may,] **shall**, subject to the provisions of this section and section 253.559, receive a credit against the taxes imposed pursuant to chapters 143 and 148, except for sections 143.191 to 143.265, on such taxpayer in an amount equal to twenty-five percent of the total costs and expenses of rehabilitation incurred [after January 1, 1998, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder,] provided the rehabilitation costs associated with rehabilitation and the expenses exceed fifty percent of the total basis in the property and the rehabilitation meets standards consistent with the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources.

2. During the period beginning on January 1, 2010, but ending on or after June 30, 2010, the department of economic development shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed seventy million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. For each fiscal year beginning on or after July 1, 2010, **but ending on or before June 30, 2011**, the department of economic development shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed one hundred forty million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. The limitations provided under this subsection shall not apply to applications approved under the provisions of [subsection 3 of] section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

3. For all applications for tax credits approved on or after January 1, 2010, **but before June 30, 2011**, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of

this section shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to January 1, 2010; or

(2) Any taxpayer applying for tax credits, provided under this section, which, on or before January 1, 2010, has filed an application with the department evidencing that such taxpayer:

(a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

5. For each fiscal year beginning on or after July 1, 2011, the department shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed eighty-five million dollars, increased by any amount of tax credits for which approval shall be rescinded or carried forward under the provisions of section 253.559. The limitations provided under this subsection shall not apply to applications approved under the provisions of section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits or for projects under subsection 7 (1) provided that no more than ten million dollars shall be authorized in any fiscal year for such projects.

6. For all applications for tax credits approved on or after July 1, 2011, no more than two hundred fifty thousand dollars in tax credits may be issued for the total costs and expenses of rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district. For purposes of this subsection, "eligible property" shall not include any property with a purchase price in excess of four hundred thousand dollars.

7. For each fiscal year beginning on or after July 1, 2011, in addition to applications for tax credits authorized by the department subject to the limitations on tax credit authorization provided under the provisions of subsections 5 and 6 of this section, the department shall also approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 for the following projects which, in the aggregate, shall not exceed the difference between one hundred forty million dollars and the maximum amount of tax credits for which applications may be approved under subsection 5 of this section:

(1) Any preliminary application for tax credits for a project which is authorized to receive federal low-income housing tax credits;

(2) Any preliminary application for tax credits for a project which:

(a) On or before July 1, 2011, has received an approved Part I from the Secretary of the United States Department of the Interior or is a certified historic structure; and

(b) Has had costs and expenses incurred by a taxpayer for an eligible property on or before July 1, 2011, including but not limited to acquisition costs, exceeding the lesser of fifteen percent of the

total project costs or three million dollars, and for which such taxpayer's interest, including all rehabilitation work in progress, was acquired by any bank, financial institution, or political subdivision by deed or foreclosure or any subsequent transferee;

(3) Any preliminary application for tax credits for a project which, on or before July 1, 2011, has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation would, upon completion, be expected to exceed fifty percent of the total basis in the property.

253.557. 1. If the amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to any of the three preceding years and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding ten years, or until the full credit is used, whichever occurs first. **Notwithstanding the foregoing, for all tax credits authorized under the provisions of sections 253.545 to 253.559 on or after July 1, 2011, if the total amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to the preceding year and carried forward for credit against the taxes imposed under chapters 143 and 148, except for sections 143.191 to 143.265 for the succeeding five years, or until the full credit is used, whichever occurs first.** Not-for-profit entities, including but not limited to corporations organized as not-for-profit corporations pursuant to chapter 355 shall be ineligible for the tax credits authorized under sections 253.545 [through 253.561] **to 253.559.** Taxpayers eligible for such tax credits may transfer, sell or assign the credits **to any other taxpayer, including but not limited to a not-for-profit entity.** Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners, **including but not limited to any not-for-profit entity that is a partner, member, or owner,** respectively pro rata or pursuant to an executed agreement among [the] **such** partners, members or owners documenting an alternate distribution method.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265. The assignor shall perfect such transfer by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department [of economic development]. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each **preliminary** application shall be reviewed by the department [of economic development] for approval. In order to receive approval, [an] **a preliminary** application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated **or actual** project start date, and the estimated project completion date; **and**

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district[; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval].

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department [of economic development] shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department [of economic development] deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the applicant identified in such application shall notify the department of such change within ninety days of such change.**

5. In the event that the department [of economic development] grants approval for tax credits equal to the total amount available under [subsection] **subsections 2 to 7** of section 253.550, or sufficient that when

totaled with all other approvals, the amount available under [subsection] **subsections 2 to 7** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department [of economic development] that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department [of economic development] and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation, **if rehabilitation has not previously begun**, within two years of the date of issuance of the letter from the department [of economic development] granting the approval for tax credits. "[Commencement of] **Commence** rehabilitation" shall mean that [as of the date in which] actual physical work, **as** contemplated by the architectural plans submitted with the application, has begun, **and that** the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. **Taxpayers may commence rehabilitation and incur qualifying expenses at their own risk before the property qualifies as a certified historic structure. Upon final review by the department under this section, including the necessary determination of the total costs and expenses of rehabilitation, the taxpayer shall receive tax credits for all qualifying expenses.** If the department [of economic development] determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under [subsection] **subsections 2 to 7** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department [of economic development] and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final [approval] **review** and issuance of tax credits from the department [of economic development] which, in consultation with the department of natural resources, shall determine (i) the final amount of [eligible rehabilitation costs and expenses] **the total costs and expenses of rehabilitation based solely on a certification of such total costs and expenses of rehabilitation prepared in a manner prescribed by the department and submitted with the final application submitted under this section** and (ii) whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The [approval] **review** of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department [of economic development]. The department [of economic development] shall inform a taxpayer of final [approval] **determination** by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that **total** costs and expenses of rehabilitation [of] **for** the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the [amount of eligible

rehabilitation] **total** costs and expenses **of rehabilitation** incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be **automatically approved**, subject **only to availability of tax credits and** all provisions regarding priority provided under subsection 1 of this section.

9. The department [of economic development] shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

10. (1) Taxpayers or duly authorized representatives may appeal any official decision, including all preliminary or final approvals and denials of approvals, made by the department or the department of natural resources with regard to an application submitted under sections 253.550 to 253.559 to an independent third-party appeals officer designated by the department. Such appeals under this section shall constitute an administrative review of the decision appealed from and shall not be conducted as an adjudicative proceeding.

(2) Appeals shall be submitted to the designated appeals officer in writing within thirty days of receipt by the taxpayer or the taxpayer's duly authorized representative of the decision that is the subject of the appeal, and shall include all information the appellant wishes the appeals officer to consider in deciding the appeal.

(3) Upon receipt of an appeal, the appeals officer shall notify the department or the department of natural resources that an appeal is pending, identify the decision being appealed, and forward a copy of the information submitted by the appellant. The department or the department of natural resources may submit a written response to the appeal.

(4) The appellant shall be entitled to one meeting with the appeals officer to discuss the appeal, but the appeals officer may schedule additional meetings at the officer's discretion. The department or the department of natural resources may appear at all meetings.

(5) The appeals officer shall consider the record of the decision in question, any further written submissions by the appellant and the department or the department of natural resources, and other available information, and shall deliver a written decision to all parties as promptly as circumstances permit.

11. Notwithstanding any provision of law to the contrary, no tax credits provided under sections 253.545 to 253.559 shall be authorized on or after August 28, 2021. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to such date, or a taxpayer's ability to redeem such tax credits.

Within one hundred eighty days after the end of each fiscal year beginning with the fiscal year ending June 30, 2011, and for each subsequent fiscal year prior to the end of the last funding year, the director of economic development, with the assistance of the director of the department of revenue, shall determine and report to the president and board of the corporation, governor, and general assembly the amount by which aggregate science and innovation employees' gross wages for the fiscal year exceeds the base year gross wages. The director of revenue may make estimated payments to the Missouri science and innovation reinvestment fund more frequently based on estimates provided by the director of revenue and

reconciled annually.

3. Local political subdivisions may contribute to the Missouri science and innovation reinvestment fund through a grant, contract, or loan by dedicating a portion of any sales tax or property tax increase resulting from increases in science and innovation company economic activity occurring after August 28, 2011, or other such taxes or fees as such local political subdivisions may establish.

4. Funding generated by the provisions of this section shall be expended by the corporation to further its purposes as specified in section 348.256.

The corporation shall make a draft strategic plan available for public comment prior to publication of the final strategic plan.

348.269. 1. Nothing contained in sections 348.250 to 348.275 shall be construed as a restriction or limitation upon any powers that the corporation might otherwise have under chapter 355, and the provisions of sections 348.250 to 348.275 are cumulative to such powers.

2. Nothing in sections 348.250 to 348.275 shall be construed as allowing the board to sell the corporation or substantially all of the assets of the corporation, or to merge the corporation with another institution, without prior authorization by the general assembly.

5. If any provision of this Act or the application thereof is held invalid, the invalidity shall not affect other provisions or applications of the Act that can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable. Insofar as the provisions of sections 348.250 to 348.275 are inconsistent with the provisions of any other law, general, specific or local, the provisions of sections 348.250 to 348.275 shall be controlling.”; and

Further amend said bill, Sections 447.708, 620.1878, 620.1881, 620.1900, and 620.2300, Pages 75-98, by striking all of said Sections and inserting in lieu thereof the following:

“447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city,

or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the

time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant

to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to [6] **5** of section 135.250. The director of the

department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the

assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471;

(2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. For each fiscal year beginning on or after July 1, 2011, the total amount of tax credits authorized under the provisions of sections 447.700 to 447.718 shall not exceed forty million dollars. No more than a total of ten million dollars in tax credits authorized under the provisions of sections 447.700 to 447.718 shall be authorized in any fiscal year for projects which receive benefits under the provisions of section 99.1205.

The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any qualified company that in conjunction with their project is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as

provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under [subdivision (19) of] section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this [subdivision] **subsection**. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision [(33)] (35) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified

company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made

the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) (a) Job retention projects: In lieu of the benefits provided under subdivision (4) of this subsection and in exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this subdivision if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this subdivision.

(b) A qualified company meeting the requirements of this subdivision may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this subdivision, a qualified company shall enter into written agreement with the department containing detailed performance

requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this subdivision and subdivision (6) of this subsection shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

(c) In order to be eligible to receive benefits under this subdivision, the qualified company shall meet each of the following conditions:

a. The qualified company shall agree to retain, for a period of ten years from the date of approval, at least one hundred and twenty-five retained jobs; and

b. The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount at least three times the amount of the benefits, available under this subdivision, which are offered to the qualified company by the department.

(d) In awarding benefits under this subdivision, the department shall consider the following factors:

a. The significance of the qualified company's need for program benefits;

b. The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

c. The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

d. The financial stability and creditworthiness of the qualified company;

e. The level of economic distress in the area;

f. An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

g. The percent of local incentives committed;

(e) Upon approval of a notice of intent to request benefits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

b. Clawback provisions, as may be required by the department; and

c. Any other provisions the department may require.

(f) In no event shall the total amount of benefits available to all qualified companies under this subdivision exceed:

a. Three million dollars for the fiscal year beginning on or after July 1, 2011, and ending on or before June 30, 2012;

b. Four million dollars for the fiscal year beginning on or after July 1, 2012, and ending on or

before June 30, 2013;

c. Five million dollars for the fiscal year beginning on or after July 1, 2013, and ending on or before June 30, 2014; and

d. Six million dollars for all fiscal years beginning on or after July 1, 2014.

(6) (a) The department may award a qualified company meeting the requirements of subdivision (5) of this subsection tax credits in an amount not to exceed eighty percent of the amount the qualified company may otherwise be eligible to retain for a period of five years under subdivision (5) of this subsection.

(b) In addition to satisfying each of the requirements of subdivision (5) of this subsection, a qualified company requesting tax credits under this subdivision shall provide to the department, prior to approval, evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within two years of the date of approval.

(c) Upon approval of a notice of intent to request tax credits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of jobs, payroll, and new capital investment for each year during the project period;

b. The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval;

c. Penalties, including the recapture of tax credits awarded under this subdivision, for failure to satisfy the requirements provided under this subdivision and subdivision (5) of this subsection; and

d. Any other provisions the department may require.

(d) No later than October 1, 2011, and the first day of October each year thereafter, the department shall provide to the budget committee of the house of representatives and the appropriations committee of the senate a request for an appropriation for the tax credits authorized under this subdivision. Appropriations made under the provisions of this subdivision shall provide the amount of tax credits which may be authorized during the fiscal year immediately following the fiscal year in which such appropriation is made. Appropriations provided under this subdivision shall only be made in the annual appropriation bill relating to public debt.

(e) No tax credits shall be authorized under the provisions of this subdivision, unless an appropriation is made under the provisions of paragraph (d) of this subdivision. In any fiscal year for which an appropriation is made under the provisions of paragraph (d) of this subdivision, no more than the amount of tax credits so appropriated shall be authorized. There is hereby created in the state treasury the "Missouri Quality Jobs Retention Tax Credit Program Fund", which shall consist of money appropriated under this subsection. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this subdivision. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund for tax credits which have been authorized but not yet redeemed at the end of the fiscal year shall not revert to the credit of the general revenue fund. Any moneys remaining in the fund at the end of the

fiscal year for any tax credits which remain unauthorized at the end of the fiscal year shall revert to the credit of the general revenue fund. Provisions of section 32.057 to the contrary notwithstanding, the department of revenue shall notify the director of the department upon redemption of each tax credit authorized under the provisions of this subdivision. Upon such notification, an amount equal to the tax credits redeemed shall be transferred from the fund created in this subdivision to the general revenue fund. In the event the department determines that any tax credit authorized under this subsection is precluded from being redeemed due to contractual agreement entered into by the department and the tax credit applicant or is otherwise precluded by law from being redeemed, an amount equal to such tax credit shall be transferred from the fund created in this subdivision to the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the general revenue fund at the end of each fiscal year.

(7) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such

a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

620.2300. 1. As used in this section, the following terms shall mean:

The department shall publish the**

county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

(5) “Full-time employee”, an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;

(7) “New job”, the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee’s work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility’s payroll, one hundred percent of the employee’s income from such employment is Missouri income, and the employee is paid at or above the state average wage;

(8) “Park”, an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:

(a) The area consists of at least fifty contiguous acres;

(b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States Environmental Protection Agency;

(11) “Project facility”, a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;

(12) “Project facility base employment”, the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in

operation prior to the date of the project application.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:

(1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;

(2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or

(3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier.”; and

Further amend said bill, Section 1, Page 98, Line 3, by inserting the following after all of said Line:

“[348.253. 1. The Missouri technology corporation may contract with not-for-profit organizations to carry out the provisions of sections 348.251 to 348.275. By entering into such contracts, the corporation shall attempt to achieve the following objectives:

Further amend said bill, Section B, Page 98, Line 9, by inserting the following after all of said line:

“Section C. As provided in section 1.140, the provisions of every section in this act are severable. If any provision of any section in this act is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of the act are valid unless the court finds the valid provisions of the act are so essentially and inseparably connected with, and so dependent upon, the void provision that it cannot be

presumed the legislature would have enacted the valid provisions without the void one; or unless the court finds that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.”; and

JOURNAL OF THE SENATE
NINETY-SIXTH GENERAL ASSEMBLY
OF THE
STATE OF MISSOURI
FIRST EXTRA SESSION
OF THE
FIRST REGULAR SESSION

FIRST DAY—TUESDAY, SEPTEMBER 6, 2011

The Senate was called to order in Extra Session by Lieutenant Governor Peter Kinder.

Reverend Carl Gauck offered the following prayer:

Gracious God, it is good to be together with colleagues to deal with serious needs in Missouri. We are mindful of those who suffer from want and anxiety from lack of work and pray we might find ways to encourage and help job development throughout the state. Guide our collective efforts so our work yields good use of industry and commerce, responsive to Your will. All this we ask in Your Holy Name. Amen.

The Pledge of Allegiance to the Flag was recited.

**COMMUNICATIONS FROM THE
GOVERNOR**

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, prudently designed economic development programs accelerate Missouri's economic growth through the creation of a vibrant business climate that attracts new employers to Missouri and encourages existing businesses to expand; and

WHEREAS, the Missouri Science and Innovation Reinvestment Act, Compete Missouri Initiative, data storage centers, recruitment of significant amateur sporting events and the creation of an international export hub to facilitate the expansion of Missouri exports are critical programs that capture Missouri's bold vision and competitive spirit and will spur economic expansion in all corners of this state; and

WHEREAS, economic development programs must include transparency, accountability and return on investment and be implemented in a fiscally prudent manner; and

WHEREAS, economic incentives and tax credit programs must be regularly reviewed to ensure those programs are effective in addressing their purpose and provide appropriate return on investment; and

WHEREAS, implementation of tax credit reform will inject accountability, transparency and result in taxpayer funds being spent in a fiscally effective manner; and

WHEREAS, legislation to modernize Department of Revenue collection measures and a period of tax amnesty will benefit citizens of the State of Missouri and have a positive impact on general revenue; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282, passed during the First Regular

Session of the Ninety-Sixth General Assembly, would have moved Missouri's Presidential Primary to March, 2012; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 was vetoed due to the inclusion of objectionable provisions unrelated to the moving of the date for the Presidential Primary; and

WHEREAS, a March, 2012 Presidential Primary will allow Missouri to remain a crucial state during the presidential nomination process; and

WHEREAS, the First Regular Session of the Ninety-Sixth General Assembly considered but failed to pass legislation that would have transferred supervision and control over the St. Louis Metropolitan Police Department to the City of St. Louis; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need for economic development legislation, tax credit reform, tax amnesty legislation, enhancement of Department of Revenue collection measures, moving the date of the 2012 Presidential Primary and transitioning the St. Louis Metropolitan Police Department to local control are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasions that exist in the state of Missouri:

I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, on September 6, 2011; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

- To enact legislation implementing comprehensive reforms to existing tax credit programs that produces substantial savings to the state treasury through the elimination of programs, imposition or lowering of caps, establishment of program sunsets and other reforms that create efficiencies and safeguard the taxpayers' money. This matter is restricted and nothing in this Proclamation should be construed to authorize the enactment of legislation amending the five year limitation on interest costs eligible for issuance of tax credits under section 99.1205.3, RSMo.
- To enact legislation that incentivizes the development of an international air cargo hub at Lambert-St. Louis International Airport through creation of an air export tax credit for freight forwarders not to exceed a total of sixty million dollars over eight years and a real estate development tax credit not to exceed a total of three hundred million dollars over sixteen years for eligible facilities located in "gateway zones," the qualification for which will be confirmed and verified by the Department of Economic Development, and additional accountability, oversight and participation protections.
- To enact the Missouri Science and Innovation Reinvestment Act authorizing the Missouri Technology Corporation to provide grants, loans and investments in science and innovation businesses through use of funding generated by capturing a portion of any new growth in income tax revenue generated by employees working at such new and existing science and innovation businesses in Missouri.
- To enact the Compete Missouri Initiative which streamlines and updates Missouri's training programs to reflect business and workforce needs; consolidates Missouri's business development incentives into a single program with consistent definitions and processes; provides performance-based benefits with broader accessibility for small businesses and businesses in rural areas; provides additional benefits for targeted industries identified by business leaders in Missouri's Strategic Initiative for Economic Growth; provides business retention incentives for companies retaining more than 125 jobs annually; and authorizes establishment of a closing fund for competitive recruitment and retention projects.
- To enact legislation creating incentives for the construction and development of high-tech data centers that allows a high-tech data center making a minimum capital investment of thirty-seven million dollars and creating at least thirty new jobs to be exempt from certain state and local sales taxes on utilities, machinery and equipment used in the operation of the data center and on personal property and materials used in the construction of the data center, with the overall amount of the exemption limited to the positive fiscal impact to taxpayers resulting from the project.
- To enact legislation authorizing tax credits available for sports commissions, convention and visitors bureaus, certain nonprofit organizations, counties, and municipalities to offset expenses incurred in attracting amateur sporting events to the state in an amount not to exceed three million dollars annually; and to authorize a revenue-neutral contribution tax credit for donations to local sports organizations for the purposes of attracting amateur sporting events to the state in an amount not to exceed ten million dollars

annually.

- To enact legislation creating administrative efficiencies and improving the Department of Revenue's ability to collect moneys owed to the State by authorizing the Department of Revenue to: 1) collect, upon referral, debts owed to other state agencies; 2) reduce its expenses associated with providing required notices; 3) recover its collection and administrative costs by retaining one percent of the amount of any local sales or use tax collected by the Department; 4) enter into a reciprocal collection and offset of indebtedness agreement with the federal government; 5) issue orders directly to debtors' employers or other sources of income to facilitate the execution of administrative judgments; and 6) issue statements indicating that no taxes or fees, for which the Department is responsible for collecting, are due, as a prerequisite for payment of certain claims or judgments from the state legal expense fund.
- To enact legislation authorizing the Department of Revenue to grant amnesty to taxpayers from the assessment or payment of penalties, additions to tax, and interest with respect to unpaid income tax and sales tax due and owing that the taxpayer voluntarily reports and pays in full between August 1, 2012 and September 30, 2012.
- To enact legislation authorizing an orderly transition in the governance of the St. Louis Metropolitan Police Department from a board of police commissioners to the City of St. Louis through a process that provides for equitable employment treatment for commissioned and civilian personnel.
- To enact legislation moving Missouri's Presidential Primary to the first Tuesday after the first Monday in March of each presidential election year.
- To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require advice and consent of the Senate.

Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

SPECIAL MESSAGE

WHEREAS, by my Proclamation dated August 22, 2011, I convened the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

WHEREAS, Senate Committee Substitute for Senate Bill No. 54, relating to protecting children from sexual offenders, was passed during the First Regular Session of the Ninety-Sixth General Assembly; and

WHEREAS, significant confusion and concern has been raised regarding provisions contained in Senate Committee Substitute for Senate Bill No. 54 that limit electronic communications between teachers and students; and

WHEREAS, it is important that teachers and school district staff have the ability to appropriately communicate with their students without fear and uncertainty as to the application of the legal restrictions contained in Senate Committee Substitute for Senate Bill No. 54; and

c. For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment’s issuance;

(2) “Applicable percentage”, zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) “Credit allowance date”, with respect to any qualified equity investment:

(a) The date on which such investment is initially made; and

(b) Each of the six anniversary dates of such date thereafter;

(4) **“Disaster relief area”, an area adversely affected by a tornado, severe thunderstorm, or flooding of the Missouri or Mississippi rivers during the calendar year beginning on or after January 1, 2011, but ending on or before December 31, 2011;**

(5) “Long-term debt security”, any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity’s investment portfolio. The foregoing shall in no way limit the holder’s ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

[(5)] (6) “Qualified active low-income community business”, the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

[(6)] (7) “Qualified community development entity”, the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

[(7)] (8) “Qualified equity investment”, any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section. This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

[(8)] (9) “Qualified low-income community investment”, any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall

be ten million dollars whether issued to one or several qualified community development entities;

[(9)] (10) “Tax credit”, a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916 or chapter 147, 148, or 153;

[(10)] (11) “Taxpayer”, any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer’s state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer’s five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. **The department of economic development shall promulgate an emergency rule defining the geographic boundaries of any disaster relief areas immediately following the enactment of this act.**

In lieu of an emergency rule the department may issue a private letter ruling pursuant to section 135.682 when applicable. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date **or from reallocating such investment to a qualified active low-income community business located in a disaster relief area.**

7. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.”; and

Further amend the title and enacting clause accordingly.

SENATE RESOLUTION NO. 43

WHEREAS, over the course of the spring and summer of 2011, unprecedented releases of water upstream by the U.S. Army Corps of Engineers have caused extensive pressure on the river levees in the state of Missouri that protect many communities, businesses, and prime agricultural lands; and

WHEREAS, in the face of this tremendous pressure some of Missouri's levees have been intentionally and unintentionally breached, resulting in widespread flooding, which has proved devastating to many Missouri homes, farms, families, and livelihoods; and

WHEREAS, Missouri families have suffered unprecedented losses as a result of this situation and many Missouri farmers have experienced a complete and total loss of agricultural production, resulting in a decimated farm incomes and ravaged local economies; and

WHEREAS, the flood waters have not yet receded in some parts of Missouri and continue to disrupt the lives of hard-working

Missourians; and

WHEREAS, even after the flood waters recede, much work will need to be done to restore the productivity of the damaged agricultural land and repair the ruined homes and businesses; and

WHEREAS, the U.S. Army Corps of Engineers is charged with management of the nation's rivers and flood control is one of the primary purposes for which the rivers are to be managed:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, First Extraordinary Session, hereby strongly urge the U.S. Army Corps of Engineers to manage the rivers in such a way as to avoid the devastating flooding disasters that have occurred this year and also strongly urge the U.S. Army Corps of Engineers to rebuild the damaged levees to their previous heights as expediently as possible; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate encourage communities, families and other stakeholders to work together to restore the prime agricultural lands that have been damaged by the recent flooding so that the productive value of these lands is not irrevocably lost; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate strongly encourage the members of the Missouri Congressional delegation to actively support policies for the management of the Missouri River that mimic natural river level rises and falls and that minimize devastating flood events such as those that have been experienced by so many Missourians this summer; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Secretary of the U.S. Army and the members of the Missouri Congressional delegation.

Senators Cunningham, Kraus, Dixon, Ridgeway, Lembke, Purgason, Schaaf, Crowell, Rupp, Mayer, Schmitt, Parson, Engler, Stouffer, Richard, Munzlinger, Nieves, Dempsey, Kehoe, Wasson, Brown, Lamping and Callahan offered the following resolution:

SENATE RESOLUTION NO. 44

WHEREAS, an employee of the Department of Elementary and Secondary Education is seeking to apply for a federal grant from the Early Learning Challenge Fund to implement a quality rating system for early childhood in Missouri; and

WHEREAS, the General Assembly has previously considered legislation during several legislative sessions to adopt a quality rating system similar to the Early Learning Challenge Fund's tiered quality rating system and has repeatedly refused to enact legislation creating such a system; and

WHEREAS, strong opposition to a quality rating system continues to exist in the General Assembly; and

WHEREAS, an employee of the Department of Elementary and Secondary Education is knowingly circumventing the legislative process and the will of the General Assembly by attempting to implement a quality rating system and applying for an approximately \$60 million federal grant that requires the implementation of such a system; and

WHEREAS, the receipt of a grant from the Early Learning Challenge Fund would demonstrate a complete disregard for the legislative process and require the establishment of a system that the General Assembly has refused to adopt and has strongly opposed:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, First Extraordinary Session, hereby demand that the Commissioner of Education, State Board of Education, and Governor cease and desist from taking any further action on the application and not apply for a grant from the Early Learning Challenge Fund or any other source that requires an early childhood quality rating system; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Commissioner of Education, each member of the State Board of Education, and the Governor.

SENATE RESOLUTION NO. 60

WHEREAS, Governor Nixon designated John Huff, the Director of the Missouri Department of Insurance, Financial Institutions and Professional Registration and a member of the Missouri Health Insurance Pool, to serve as the project director of Missouri’s Health Insurance Exchange Establishment Grant to provide executive leadership to the development of the exchange infrastructure and to oversee grant administration; and

WHEREAS, Governor Nixon, upon the advice of Director Huff and the Health Insurance Exchange Coordinating Committee, designated the Missouri Health Insurance Pool to receive an Establishment Grant from the federal government on behalf of the State of Missouri to plan

and implement a health insurance exchange under the direction of Director Huff; and

WHEREAS, on August 12, 2011, the Department of Health and Human Services announced the award of approximately \$21 million in the form of a Level One Exchange Establishment Grant to the Missouri Health Insurance Pool to help establish a state health insurance exchange; and

WHEREAS, on September 15, 2011, the board of directors of the Missouri Health Insurance Pool considered adopting a resolution establishing the “MHIP/Show-Me HIX” as a distinct organizational unit within the Missouri Health Insurance Pool and undertaking responsibility for implementing the tasks described in the Missouri Establishment Grant; and

WHEREAS, the board of directors of the Missouri Health Insurance Pool also considered accepting a \$21 million federal grant to help build the technological infrastructure for a health insurance exchange; and

WHEREAS, after consulting with some key senators from the Senate Interim Committee on Health Insurance Exchanges, the board of directors of the Missouri Health Insurance Pool postponed action on the resolution to establish an exchange and accept the federal grant; and

WHEREAS, counsel retained by the Missouri Health Insurance Pool has stated that the Missouri Health Insurance Pool has the statutory authority to accept the federal monies and take the preliminary steps to establish a health insurance exchange; and

WHEREAS, several members of the Senate Interim Committee on Health Insurance Exchanges have asked the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration to state the legal authority that allows the Missouri Health Insurance Pool to accept Exchange Establishment Grants and to undertake precursory steps to establish a state-based health insurance exchange; and

WHEREAS, as to date, the legal basis for the Missouri Health Insurance Pool to engage in the preliminary steps of establishing a health insurance exchange has not been provided to the members of the Senate Interim Committee on Health Insurance Exchanges; and

WHEREAS, the statutes establishing the Missouri Health Insurance Pool do not authorize its board to accept federal grants or undertake activities relating to the establishment of a health insurance exchange; and

WHEREAS, the Patient Protection and Affordable Care Act requires states to establish their own health insurance exchanges or otherwise cede this authority to the federal government; and

WHEREAS, the decision to establish a state-based health insurance exchange or to allow the federal government to operate an exchange within Missouri is a policy decision left to the General Assembly and not the Missouri Health Insurance Pool or any other member of the executive branch; and

WHEREAS, the Missouri General Assembly would need to pass legislation before any state-controlled exchange were to be implemented in Missouri, giving the citizens of Missouri a right to be heard on this matter through their constitutionally elected representatives; and

WHEREAS, Article II of the Missouri Constitution mandates that the powers of government shall be divided into three distinct departments with each department exercising its own powers; and

WHEREAS, it is the power of Governor, as the head of the executive department, to faithfully execute the laws and not to make laws or choose to ignore the laws that do not suit his political agenda; and

WHEREAS, accepting federal monies to preliminarily establish a state-based health insurance exchange invades the province of the General Assembly in that the decision to establish or not establish a health insurance exchange is a policy decision - a power entrusted to the General Assembly by the Missouri Constitution, and

WHEREAS, the legislative authority of Missouri is vested in the General Assembly and in the absence of a statute or constitutional provision that authorizes the Governor to establish a state-based health insurance exchange, the Governor cannot create obligations, responsibilities, conditions or processes having the force and effect of law by the issuance of an executive order or other actions; and

WHEREAS, the potential decision of the Missouri Health Insurance Pool to establish a health insurance exchange within the Missouri Health Insurance Pool is without legal foundation and usurps the power of the General Assembly; and

WHEREAS, the potential decision of the Missouri Health Insurance Pool to establish a health insurance exchange within the Missouri Health Insurance Pool runs afoul of the wishes of the Missouri voters in that one of the core functions of a federally-approved exchange is to establish a process to determine whether an individual is exempt from the individual mandate penalty:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, First Extraordinary Session, hereby urge the Governor of Missouri, the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration, and the board of directors of the Missouri Health Insurance Pool to return all Exchange Establishment Grant monies to Health and Human Services Secretary, Kathleen Sebelius; refrain from applying for any other federal grants relating to the establishment of a health

insurance exchange as envisioned under the Patient Protection and Affordable Care Act; and refrain from adopting any policies relating to the establishment of a health insurance exchange which by their very nature blatantly disregard the time-honored separation of powers between the legislative and executive branches; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to send a copy of this resolution to the Governor of Missouri, the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration, and each member of the board of directors of the Missouri Health Insurance Pool.

SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **SCS** for **SB 1**, having passed both branches of the General Assembly, would be read at length by the Secretary, and if no objections be made, the bill would be signed by the President Pro Tem to the end that it may become law. No objections being made, the bill was so read by the Secretary and signed by the President Pro Tem.

OBJECTIONS

Senator Lembke submitted the following:

CONSTITUTIONAL OBJECTION IN THE FIRST EXTRAORDINARY SESSION OF THE NINETY-SIXTH GENERAL ASSEMBLY OF THE STATE OF MISSOURI

Comes now, Senator Jim Lembke, duly elected member of the Missouri Senate from the First Senatorial District, to present the following Point

of Order with respect to Senate Substitute for Senate Committee Substitute for Senate Bill Seven.

I believe this bill is constitutionally infirm for the following reasons:

1. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing a competitive advantage to some citizens through state supplied subsidies for the development of new enterprises at the expense of citizens who have already made investments in competing projects. The result is state sponsored diminution of their property and the state's failure to "give security" to the "gains of their own industry".
2. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing preferential and unequal treatment to some citizens, who would receive state supplied subsidies for the development of new enterprises, over other citizens who might otherwise seek development of new enterprises in competition with them in an open and free marketplace.
3. SS/SCS for Senate Bill No. 7 violates Article III, Section 36 of the Missouri Constitution, because it has the effect of "divert[ing]" money from the treasury independent of the appropriation process.
4. SS/SCS for Senate Bill No. 7 violates Article III, Section 38(a) of the Missouri Constitution, which states that "The general assembly shall have no power to grant public money or property, or lend or authorize the lending of public credit, to any private person, association or corporation..."
5. The potential for public benefit does not remediate the fatal flaws in this bill, for as the Missouri Supreme Court pointed out in 1987, "Accordingly, in our application of Article III, Section 38(a) of the Missouri Constitution, we have held grants with a primarily private effect to be unconstitutional, despite the possible beneficial impact upon the economy of the locality and of the state." *Curchin v. Missouri Indus. Development Bd.*, 722 SW 2d 930 (Mo: Supreme Court 1987)
6. SS/SCS for Senate Bill No. 7 violates Missouri Constitution's Article III, Section 40 prohibition of "special laws" in several ways, notably those in Section 40(30) which forbids the General Assembly from passing a local or special law where a general law can be made applicable.

Article I, Section 2 of the Missouri Constitution provides guidance for all that the state would task itself with – it defines the role of Missouri government, what it calls its "principal office". That section was brought forward from our 1875 constitution and it was explained eloquently when introduced to the body of delegates during the 1875 Constitutional Convention:

"It [in the Bill of Rights] is then declared that the main office of government is the security of life, liberty and property - the protection of those things - not protection in the sense in which capital is employed in thousands of industries in order to render bloated one or two in some favored locality - not protection in that sense, but equal protection to all, so that every man may sit secure under the shadow of his own vine and fig tree, and have none to make him afraid." Debates of the Missouri Constitutional Convention, 1875 – Volume I, P. 430 at 24 (emph. added)

As a duly elected senator of the great state of Missouri, I have taken an oath to support and defend the Constitution from which these principles emanate. While I have a responsibility to consider guidance from the Courts, I also have a personal responsibility to understand our Constitution and apply *my* understanding in the execution of *my* duties. In the present instance, both the preponderance of guidance from the courts and my understanding are in agreement.

Accordingly, I conclude that Senate Substitute for Senate Committee Substitute for Senate Bill Seven is unconstitutional for the above-stated reasons and should not be agreed to or passed by this body and in the event it is finally passed by both houses of the legislature, should not be signed by the governor.

Respectfully submitted,
/s/ James W. Lembke
Senator James W. Lembke

SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **SS** for **SCS** for **SB 7**, having passed both branches of the General Assembly, would be read at length by the Secretary, and, the objection notwithstanding, the bill would be signed by the President Pro Tem to the end that it may become law. The bill was so read by the Secretary and signed by the President Pro Tem.

Senator Pearce assumed the Chair.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265. The assignor shall perfect such transfer

by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval. Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall

not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the taxpayer contained in such application shall notify the department of such change.**

5. In the event that the department of economic development grants approval for tax credits equal to the **applicable** total amount available under subsection 2, **5, or 8** of section 253.550, or sufficient that when totaled with all other approvals, the **applicable** amount available under subsection 2, **5, or 8** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the **applicable** total amount of tax credits, provided under subsection 2, **5, or 8** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development [which,]. **Such application for final approval and issuance of tax credits shall include a cost and expense certification, prepared by a licensed certified public accountant that is not an affiliate of the applicant, certifying the total costs and expenses of rehabilitation and the total amount of tax credits for which such taxpayer is eligible under sections 253.550 to 253.559. Cost and expense certifications required under this section shall separately state any accrued developer fees. No later than forty-five calendar days following receipt of a taxpayer's application for final approval and issuance of tax credits, the department of economic development shall determine, in consultation with the department of natural resources, [shall determine the final amount of eligible rehabilitation costs and expenses and] whether the**

completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. **If the completed rehabilitation meets such standards, the department of economic development shall, within forty-five calendar days following the receipt of the taxpayer's application for final approval and tax credit issuance, inform such taxpayer of its initial determination by letter and issue such taxpayer an initial tax credit issuance. A taxpayer receiving an initial tax credit issuance shall receive tax credit certificates in an amount equal the lesser of seventy-five percent of the total amount of tax credits for which the taxpayer is eligible under sections 253.550 to 253.559, as certified in the cost and expense certification, or the amount of tax credits approved for such project under subsection 3 of this section. Within one hundred and fifty calendar days following receipt of a taxpayer's application for final approval and tax credit issuance, the department shall determine the final amount of eligible rehabilitation costs and expenses. For a taxpayer receiving an initial tax credit issuance, no later than one hundred and fifty calendar days following receipt of such taxpayer's application for final approval and tax credit issuance, the department shall notify such taxpayer of its final determination by letter and issue such taxpayer tax credit certificates in an amount equal to the lesser of the remaining amount of tax credits for which such taxpayer is eligible to receive under sections 253.550 to 253.559, as determined by the department, or the remaining amount of tax credits for which such taxpayer was approved under subsection 3 of this section, but not issued under the initial tax credit issuance. If the department of economic development determines that the amount of tax credits issued to a taxpayer in the initial tax credit issuance is in excess of the total amount of tax credits such taxpayer is eligible to receive under sections 253.550 to 253.559, the department shall notify such taxpayer and such taxpayer shall repay the state an amount equal to such excess.** For financial institutions credits authorized pursuant to sections 253.550 to [253.561] **253.559** shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. [The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates.] The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed. **Taxpayers which receive tax credit certificates under sections 253.550 to 253.559, attributable to accrued developer fees shall, within six years of completion of rehabilitation, submit an additional cost and expense certification verifying the total amount of developer fees actually accrued and paid. To the extent the amount of developer fees contained in a taxpayer's cost and expense certification included with such taxpayers application for final approval and tax credit issuance exceeds the amount of developer fees actually accrued and paid, as evidenced by the additional cost and expense certification, such taxpayer shall repay to the state an amount equal to twenty-five percent of such excess.**

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

9. The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

10. (1) Taxpayers or duly authorized representatives may appeal any official decision, including all preliminary or final approvals and denials of approvals, made by the department or the department of natural resources with regard to an application submitted under sections 253.550 to 253.559 to an independent third-party appeals officer designated by the department. Such appeals under this section shall constitute an administrative review of the decision appealed from and shall not be conducted as an adjudicative proceeding.

(2) Appeals shall be submitted to the designated appeals officer in writing within thirty days of receipt by the taxpayer or the taxpayer's duly authorized representative of the decision that is the subject of the appeal, and shall include all information the appellant wishes the appeals officer to consider in deciding the appeal.

(3) Upon receipt of an appeal, the appeals officer shall notify the department or the department of natural resources that an appeal is pending, identify the decision being appealed, and forward a copy of the information submitted by the appellant. The department or the department of natural resources may submit a written response to the appeal.

(4) The appellant shall be entitled to one meeting with the appeals officer to discuss the appeal, but the appeals officer may schedule additional meetings at the officer's discretion. The department or the department of natural resources may appear at all meetings.

(5) The appeals officer shall consider the record of the decision in question, any further written submissions by the appellant and the department or the department of natural resources, and other available information, and shall deliver a written decision to all parties as promptly as circumstances permit.

11. By no later than January 1, 2012, the department shall propose rules to implement the provisions of sections 253.550 to 253.559. Prior to proposing such rules, the department shall conduct a stakeholder process designed to solicit input from interested parties. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated herein shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

WHEREAS, over twenty-four thousand retirees and over fifteen thousand hard working employees in Missouri contribute to the success of programs like the F/A-18E/F; and

WHEREAS, in 2010 nine hundred sixty-nine Missouri suppliers had purchases of approximately seven hundred sixty-four million dollars worth of supplies for programs such as the F/A-18E/F, further contributing to the sustainability of Missouri jobs and making a substantial economic impact on Missouri; and

MESSAGES FROM THE GOVERNOR

The following messages were received from the Governor, reading of which was waived:

October 21, 2011

TO THE SECRETARY OF THE SENATE
96TH GENERAL ASSEMBLY
FIRST EXTRAORDINARY SESSION
STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 1 entitled:

AN ACT

To repeal section 162.069, RSMo, and to enact in lieu thereof one new section relating to communications between school district employees and students.

On October 21, 2011, I approved said Senate Committee Substitute for Senate Bill No. 1.

My approval of Senate Committee Substitute for Senate Bill No. 1 is provided after considerable deliberation. Although it eliminates particularly egregious provisions that were contained in Senate Committee Substitute for Senate Bill No. 54, passed during the First Regular Session of the Ninety-Sixth General Assembly, Senate Committee Substitute for Senate Bill No. 1 is not without flaws.

First, Senate Committee Substitute for Senate Bill No. 1 requires each school district to promulgate a policy directed at the use of electronic communication between staff members and students rather than its substance and the policy must be drafted in a manner that will "prevent" improper communications. School districts may find it challenging to promulgate a policy that erects adequate restrictions around the use of electronic media sufficient to "prevent" improper communications without also preventing otherwise appropriate communications.

Second, under Senate Committee Substitute for Senate Bill No. 1, a school district will need to determine whether its policy applies to "employees," as that term is used in 162.069.1, RSMo, or "staff members," as that term is used in 162.069.1(2), RSMo, to the extent such terms have different meanings.

These challenges could have been avoided with a more deliberative approach, which is why my Special Message was narrowly drafted to effectuate immediate relief for educators by simply repealing the offending provisions of Senate Committee Substitute for Senate Bill No. 54.

Nonetheless, Senate Committee Substitute for Senate Bill No. 1 is an improvement – primarily through subtraction – over Senate Committee Substitute for Senate Bill No. 54. Senate Committee Substitute for Senate Bill No. 1 eliminates three of the problematic provisions of Senate Committee Substitute for Senate Bill No. 54, and Senate Committee Substitute for Senate Bill No. 1 will give school districts an additional two months, until March 1, 2012, to promulgate policies. Senate Committee Substitute for Senate Bill No. 1 is not perfect, but the alternative of educators having to conform to the unreasonable restrictions of Senate Committee Substitute for Senate Bill No. 54 is a far worse result.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate bills, were received by the Secretary of State, reading of which was waived:

GOVERNOR OF MISSOURI

JEFFERSON CITY

65102

June 17, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you House Committee Substitute No. 2 for Senate Bill No. 3 entitled:

AN ACT

To repeal section 115.427, RSMo, and to enact in lieu thereof two new sections relating to elections, with a contingent effective date.

I disapprove of House Committee Substitute No. 2 for Senate Bill No. 3. My reasons for disapproval are as follows:

Pending approval of a constitutional amendment, House Committee Substitute No. 2 for Senate Bill No. 3 would require a government-issued photo identification to vote. This new mandate would disproportionately impact senior citizens and persons with disabilities, among others, who are qualified to vote and have been lawfully voting since becoming eligible to do so, but are less likely to have a driver's license or government-issued photo ID. Disenfranchising certain classes of persons is not acceptable.

House Committee Substitute No. 2 for Senate Bill No. 3 imposes unnecessary burdens on senior citizens and persons with disabilities, for example, who do not have a government-issued photo ID, with no guarantee that, in the end, their vote will count. House Committee Substitute No. 2 for Senate Bill No. 3 first requires them to execute a legally-binding affidavit explaining why they lack a government-issued photo ID. After executing the affidavit, the senior citizen, person with a disability and anyone else who lacks a government-issued photo ID for the reason identified in the affidavit is not permitted to cast a regular ballot and is instead given a provisional ballot. Even after meeting these requirements mandated by House Committee Substitute No. 2 for Senate Bill No. 3, their vote will not be counted unless the election authority compares their signature on the affidavit with their signature on file – a signature that may bear little resemblance to their current signature because it was written decades before – and determines that the two signatures match. Placing a cloud of uncertainty over ballots cast by qualified voters is inconsistent with an individual's right to vote and have that vote counted. In addition, for those citizens wanting to avoid the uncertainty of a provisional ballot, House Committee Substitute No. 2 for Senate Bill No. 3 would require them to navigate a costly and time-consuming process to obtain a government-issued photo ID. House Committee Substitute No. 2 for Senate Bill No. 3 does not meet with my approval, because it is unacceptable to impede or discourage citizens from voting who have lawfully cast ballots their entire adult lives.

In accordance with the reasons for disapproval stated above, I am returning House Committee Substitute No. 2 for Senate Bill No. 3 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

GOVERNOR OF MISSOURI
JEFFERSON CITY
65102

July 6, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you House Committee Substitute for Senate Substitute for Senate Bill No. 118, entitled:

AN ACT

To repeal sections 198.006 and 198.074, RSMo, and to enact in lieu thereof two new sections relating to sprinkler system requirements in long-term care facilities.

I disapprove of House Committee Substitute for Senate Substitute for Senate Bill No. 118. My reasons for disapproval are as follows:

Legislation passed in 2007 required sprinkler systems for certain long-term care facilities. The critical need for this legislation was made clear when eleven individuals died in a fire at the Anderson Guest House in Anderson, Missouri, a group home for individuals with disabilities. The fire tore through the roof and engulfed an entire section of the building before firefighters arrived. Ten residents died of smoke inhalation, and one employee died while heroically attempting to save their lives.

House Committee Substitute for Senate Substitute for Senate Bill No. 118 would delay the date for installation of sprinkler systems by two years, until December 31, 2014. These institutions already have had four years to comply with this vital safety requirement, yet almost 100 facilities subject to the statute, with the capacity to care for over 4,000 of our citizens, remain without approved sprinkler systems today. That is unacceptable.

Under current law, these facilities still have nearly eighteen months to come into compliance. This bill would delay the date by which sprinklers must be installed by three and one-half years from today, and over eight years since the Anderson Guest House fire. Delaying the date by which these sprinkler systems must be installed for another two years places Missouri's seniors and individuals with disabilities at an unacceptable risk. As we saw with the tragedy in Anderson, this is a matter of life and death.

In accordance with the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Substitute for Senate Bill No. 118 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon

Herewith I return to you House Committee Substitute for Senate Committee Substitute for Senate Bill No. 163 entitled:

AN ACT

To repeal sections 172.030, 173.005, and 174.450, RSMo, and to enact in lieu thereof three new sections relating to higher education governing boards, with an existing penalty provision.

I disapprove of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 163. My reasons for disapproval are as follows:

House Committee Substitute for Senate Committee Substitute for Senate Bill No. 163 was truly agreed to and finally passed on May 5, 2011. Three days earlier, on May 2, 2011, I approved House Committee Substitute for House Bill No. 174, which is identical to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 163. As the identical provisions of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 163 will become law through my previous approval of House Committee Substitute for House Bill No. 174, it is unnecessary to approve this duplicative legislation.

In accordance with the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Committee Substitute for Senate Bill No. 163 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you House Committee Substitute for Senate Bill No. 220 entitled:

AN ACT

To repeal sections 429.015 and 516.098, RSMo, and to enact in lieu thereof three new sections relating to liens for architects, professional engineers, land surveyors, and landscape architects.

I disapprove of House Committee Substitute for Senate Bill No. 220. My reasons for disapproval are as follows:

House Committee Substitute for Senate Bill No. 220 provides immunity to architects, landscape architects, land surveyors and professional engineers through a nebulous process that is ripe for manipulation, lacks transparency and potentiates conflicts of interest. Approval of this bill would reduce public safety and diminish the accountability of design professionals while substantially denying access to the courts by individuals injured through the negligent acts of these professionals.

House Committee Substitute for Senate Bill No. 220 does not establish a robust peer review process. The bill does not impose specific qualifications on the reviewers – other than being licensed under chapter 327, RSMo – and does not prohibit participation by professionals with an interest in the project being reviewed. Moreover, the bill is silent on procedural requirements, as well as the extent to which a record, if any, is to be kept of its proceedings and whether written findings or recommendations are required to be created. House Committee Substitute for Senate Bill No. 220 also cloaks the entire process in secrecy by strictly prohibiting the disclosure of “any information acquired in connection with or in the course of [the] proceeding, or to disclose any opinion, recommendation, or evaluation of the peer reviewer or any member of a peer review committee.”

Despite the insufficient process established in the bill, House Committee Substitute for Senate Bill No. 220 nevertheless rewards participants in the review process with broad immunity from civil liability. Most concerning is that this includes immunity for the design professional whose project is being reviewed. Under House Committee Substitute for Senate Bill No. 220, a design professional can submit a proposed project for review and enjoy immunity from civil liability simply by acting upon the recommendations of his peers “so long as the acts are performed in good faith, without malice, and are reasonably related to the scope of inquiry of the peer review process.” The fact that House Committee Substitute for Senate Bill No. 220 allows for partners, co-workers or others with an interest in the project to serve as reviewers – in secret – and then blanket the project with immunity underscores the fundamental flaws in this legislation and the bad public policy it promotes.

House Committee Substitute for Senate Bill No. 220 provides extraordinary protections to design professionals through an unacceptable process with minimal structure, a lack of transparency, a disregard for conflict of interest concerns, and the granting of broad immunity to not only the peer participants but also the design professionals whose project is being reviewed.

In accordance with the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Bill No. 220 without my approval.

GOVERNOR OF MISSOURI

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282, entitled:

AN ACT

To repeal sections 28.190, 29.280, 30.060, 30.070, 30.080, 52.010, 54.033, 54.330, 78.090, 105.030, 105.040, 105.050, 115.015, 115.123, 115.124, 115.127, 115.241, 115.293, 115.342, 115.601, 115.637, 115.755, and 115.761, RSMo, and to enact in lieu thereof twenty-three new sections relating to elections, with penalty provisions.

I disapprove of Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282. My reasons for disapproval are as follows:

Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 contains several provisions relating to elections. Those provisions include the moving of the Missouri presidential primary to the first Tuesday after the first Monday in March. I support that change and its inclusion in Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 was not a factor in my decision to disapprove this legislation. However, the bill contains other provisions that I view as unacceptable and necessitating today's action.

Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 cancels elections in more than 900 municipalities with a population below 35,000 when the number of candidates is equal to the number of positions to be filled. Approval of Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 would preclude citizens from electing a candidate through the write-in process when the number of declared candidates is equal to the number of available positions. This is especially important should voters learn something negative about the declared candidate after the deadline for filing but before the election. In short, the write-in ballot procedure is a valuable component of the electoral process that must not be sacrificed for theoretical efficiency.

Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 would also require the Governor to call a special election to complete the current term of a vacancy occurring in the offices of U.S. Senator and several statewide elected offices. This provision would require a special election to be called, regardless of the time remaining before the next regularly scheduled election for that office, at an estimated cost to Missouri taxpayers of \$7 million.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor
